Independent Auditors' Report

Greenville Technical College  
Greenville, South Carolina

We have audited the accompanying financial statements of the business-type activities of Greenville Technical College, as of and for the years ended June 30, 2012 and June 30, 2011, which collectively comprise the College's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the College's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the discretely presented component unit, the Greenville Tech Foundation, Inc. and Subsidiaries. The Greenville Tech Foundation, Inc. and Subsidiaries reflects 100% of total assets, 100% of net assets, and 100% of total revenue of the discretely presented component unit. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion on the financial statements, insofar as it relates to the amounts included for the discretely presented component unit, the Greenville Tech Foundation, Inc. and Subsidiaries, is based solely on the report of the other auditors.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the *State Board for Technical and Comprehensive Education Financial Reporting Guide*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Greenville Tech Foundation, Inc. and Subsidiaries were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, based on our audit and the report of other auditor, the financial statements referred to above present fairly, in all material respects, the respective financial position of Greenville Technical College and its discretely presented component unit, as of June 30, 2012 and June 30, 2011, and the changes in financial position, and cash flows thereof for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

As described in Note 1 to the financial statements, the College adopted, effective for the fiscal year ended June 30, 2012, a monthly depreciation convention for the straight-line method consistent with the policy of the State of South Carolina.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 14, 2012 on our consideration of Greenville Technical College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants and agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

We have also issued our report dated September 14, 2012 on our consideration of Greenville Technical College administration of the State Lottery Assistance Program and on our test of its compliance with certain provisions of State law and policy 3-2-307 and Procedure 3-2-307.1 of the State Board for Technical and Comprehensive Education.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

September 14, 2012

## Management's Discussion and Analysis

Greenville Technical College is pleased to present its financial report and management's discussion and analysis of the college's financial performance for the fiscal year ended June 30, 2012. This report focuses on current activities, resulting change and currently known facts, and provides a comparison with the prior fiscal year. This discussion should be read in conjunction with the financial statements and the accompanying notes which follow this section.

## OVERVIEW OF THE FINANCIAL STATEMENTS

This report consists of a series of financial statements, prepared in accordance with the Governmental Accounting Standards Board (GASB) in Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis – for State and Local Governments* and Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Colleges and Universities*.

The college is engaged only in Business-Type Activities (BTA) that are financed in part by fees charged to students for educational services. Accordingly, its activities are reported using the three financial statements required for proprietary funds: the Statement of Net Assets; the Statement of Revenues, Expenses and Changes in Net Assets; and the Statement of Cash Flows. These statements present financial information in a format similar to that used by the private sector.

## STATEMENT OF NET ASSETS

The Statement of Net Assets provides a snapshot of the college's assets, liabilities and net assets at the end of the fiscal year. It provides the reader with information concerning the institution's ability to continue its operations and to determine its financial stability. Assets and liabilities are separated into current, those that are due or to be paid within the current year and non-current, those that are longer term in nature. Net Assets represent the difference between total assets and total liabilities and provides information, in part, concerning any amount available to be spent by the institution.

Net Assets are divided into three major categories. The first category, *invested in capital assets, net of related debt*, provides the equity in property, plant and equipment owned by the college. The next category, which is *restricted net assets*, is expendable in nature and has been approved by the college's governing board specifically for capital projects, and debt service, as indicated. The final category of net assets is *unrestricted*, and not subject to external stipulations, however, some of the funds have internal designations. For more information see Note 11.

## Assets

The following schedules are condensed versions of the college's assets, liabilities and net assets for the fiscal years ending June 30, 2012, 2011 and 2010. They were prepared from the Statement of Net Assets which is presented on an accrual basis of accounting whereby assets are capitalized and depreciated. Total net assets at June 30, 2012, 2011 and 2010 were \$90.4 million, \$85.3 million, and \$82.5 million respectively.

	2012	2011	2010
Current Assets	\$ 49.4	\$ 41.1	\$ 38.8
Non-current Assets			
Capital Assets, Net of Accumulated Depreciation	100.9	100.8	102.7
Total Assets	150.3	141.9	141.5
Current Liabilities	12.8	12.2	11.3
Non-current Liabilities	47.1	44.4	47.7
Total Liabilities	59.9	56.6	59.0
Net Assets			
Invested in Capital Assets	53.7	56.7	55.6
Restricted	6.8	4.1	6.3
Unrestricted	29.9	24.5	20.6
Total Net Assets	\$ 90.4	\$ 85.3	\$ 82.5

A strong indicator of the financial health of the college is the improvement in the ratio of current assets to current liabilities. The current ratio at June 30, 2012, 2011 and 2010 were approximately 3.9:1, 3.4:1, and 3.4:1 respectively. The college maintains fiscally sound budget practices that provide for the conservative balance between the two categories.

Current assets increased \$8.3 million between fiscal years 2012 and 2011 while current liabilities increased \$0.6 million in the same period. Comparatively, current assets increased \$2.3 million between fiscal years 2011 and 2010 while current liabilities increased \$0.9 million in the same period. Overall, assets increased \$8.4 million from June 30, 2011 to June 30, 2012, compared to an increase of \$0.4 million from June 30, 2010 to June 30, 2011. The changes related to the fiscal year ended June 30, 2012 as compared to June 30, 2011 are explained as follows:

- The total of cash and investments increased from \$24.6 million to \$37.7 million.
- Accounts Receivable decreased approximately \$6.0 million; the college increased its allowance for doubtful account balance approximately \$0.6 million. The allowance increased to \$5.8 million at June 30, 2012 from \$5.2 million for the prior year. This increase was intended to ensure that the college has adequate reserves given the challenges students are facing in the current economic climate. Of the \$6.0 million decrease in accounts receivable, \$2.4 million is related to federal grantors, primarily for federal financial aid and \$3.8 million is related to receivables from the state of South Carolina,

primarily related to state financial aid. These decreases were offset by an increase in net student accounts receivable of \$0.2 million. (See Note 4 for additional information).

- Bond proceeds receivable decreased \$0.2 million as a result of expenditures for the construction of the Animal Sciences Building and the IT/Logistics Building.
- Inventories decreased \$0.4 million to \$3.1 million.
- Other assets, primarily prepaid expenses, increased \$1.9 million to \$3.0 million.

The changes related to the fiscal year ended June 30, 2011 as compared to June 30, 2010 are explained as follows:

- The total of cash and investments decreased from \$28.7 million to \$24.6 million.
- Accounts Receivable increased approximately \$6.7 million; the college increased its allowance of doubtful account balance approximately \$0.9 million. The allowance increased to \$5.2 million at June 30, 2011 from \$4.3 million for the prior year. Of the \$6.7 million increase in accounts receivable, \$3.3 million is related to federal grantors, primarily for federal financial aid and \$4.5 million is related to receivables from the state of South Carolina, primarily related to state financial aid. These increases were offset by a decrease in net student accounts receivable as a result of the increase in the allowance for doubtful accounts. (See Note 4 for additional information).
- Bond proceeds receivable decreased \$0.3 million as a result of expenditures for the construction of the Animal Sciences Building.
- Inventories increased \$0.5 million to \$3.6 million.
- Other assets, primarily prepaid expenses, decreased \$0.5 million to \$1.0 million.

Non-current assets are primarily capital assets net of depreciation and other assets, comprised of Perkins loans receivable. Capital assets net of depreciation in the fiscal years ended June 30, 2012 increased \$0.1 million from June 30, 2011. The balances were \$100.9 million at June 30, 2012 and \$100.8 million at June 30, 2011. The increase of \$0.1 million is compared to a decrease of \$1.9 million from the fiscal year ended June 20, 2010 balance of \$102.7 million.

Contributing factors to the changes from June 30, 2011 to June 30, 2012 were:

- Construction in progress decreased by \$1.8 million, a net result of the capitalization of the Animal Sciences Building and the IT/Logistics Building initiated in fiscal year 2011.
- Machinery & equipment decreased \$0.7 million and vehicles increased \$0.5. Of this, \$0.4 million is attributable to a reclassification between asset types thereby increasing vehicles and decreasing machinery and equipment by the same amount.
- Depreciation expense accounted for \$5.1 million. See Note 8 for additional information. Accumulated depreciation increased \$3.8 million as a net result of the depreciation expense and retirements of assets.

Contributing factors to the changes from June 30, 2010 to June 30, 2011 were:

- Construction in progress decreased by \$0.8 million, a net result of the capitalization of the Student Center renovation project offset by two additional construction projects initiated in fiscal year 2011. The projects were a building for the Animal Sciences program and a building to house the college's Information Technologies Department and Logistics Services.
- Machinery & equipment and vehicles increased \$1.2 million and \$0.5 million respectively. Most of the increases were a result of purchases made from federal grants.
- Depreciation expense accounted for \$5.9 million. See Note 8 for additional information. Accumulated depreciation increased \$5.7 million as a net result of the depreciation expense and retirements of assets.

<b>Analysis of Capital Assets</b>			
<b>As of June 30, 2012, 2011, and 2010</b>			
<b>(in millions)</b>			
	<b>2012</b>	<b>2011</b>	<b>2010</b>
Land and Land Improvements	\$ 16.6	\$ 16.5	\$ 16.4
Buildings and Improvements	135.0	129.1	126.2
Machinery and Equipment	12.3	13.0	11.9
Vehicles	2.4	1.9	1.4
Construction in Progress	-	1.9	2.6
	<u>166.3</u>	<u>162.4</u>	<u>158.5</u>
Less: Accumulated Depreciation	(65.4)	(61.6)	(55.8)
Net Capital Assets	<u>\$ 100.9</u>	<u>\$ 100.8</u>	<u>\$ 102.7</u>

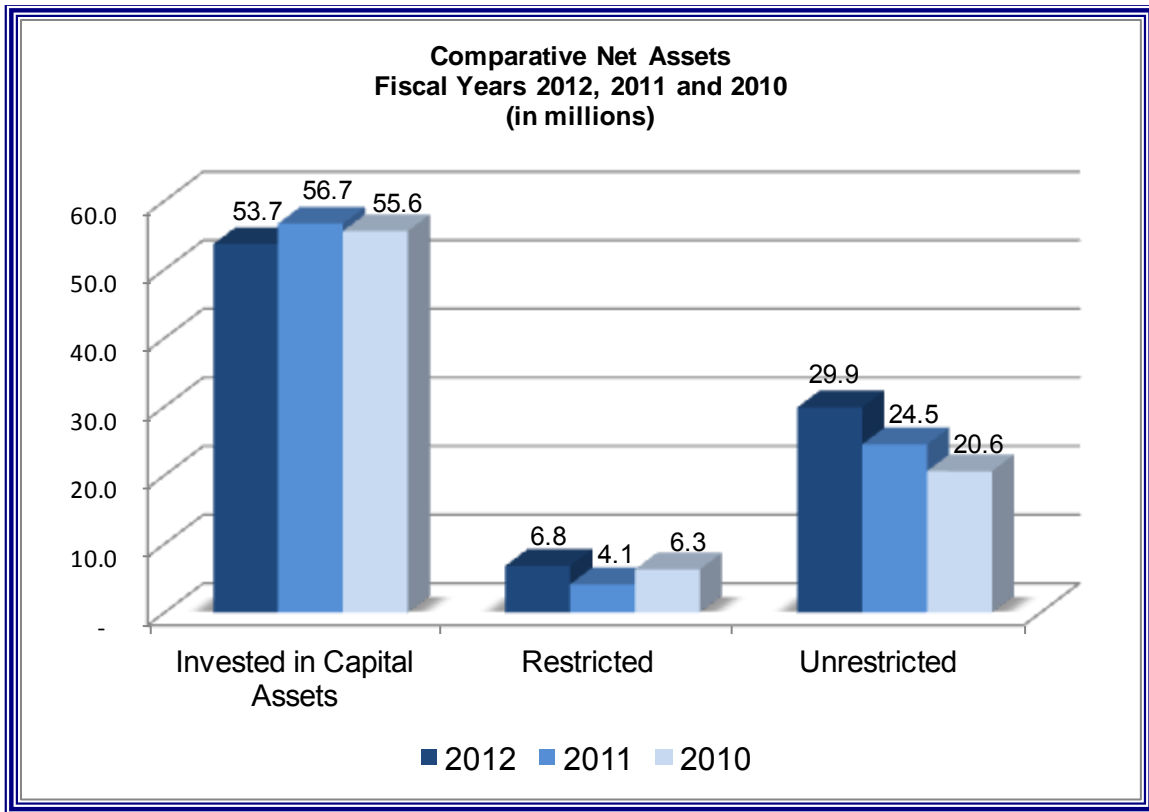

## Liabilities

Total liabilities increased \$3.3 million between fiscal years 2012 and 2011, from \$56.6 million to \$59.9 million. Comparatively, total liabilities decreased \$2.4 million between fiscal years 2011 and 2010, from \$59.0 million to \$56.6 million. Current liabilities at June 30, 2012 increased by \$0.6 million from June 30, 2011 primarily as a result of increases in deferred revenue of \$1.2 million and small increases in the current portion of long term liabilities and accrued payroll liabilities. These increases were partially offset by a \$1.3 million decrease in accounts payable. Current liabilities at the end of the prior fiscal year, June 30, 2011, increased by \$0.9 million primarily as a result of increases in accounts payable of \$1.0 million and small increases in current portion of long term debt and deferred revenue. These increases were partially offset by a \$0.6 million decrease in funds held for others.

Non-current liabilities increased \$2.7 million from June 30, 2011 as compared to June 30, 2012, the addition of a bond issued to fund the IT/Logistics Building of \$5.6 million and additional principal of \$0.3 million due to a bond refinance. The increase was offset by bond and capital lease payments (see Note 12 for additional information) of \$3.2 million. The \$3.3 million decrease in non-current liabilities from June 30, 2010 to June 30, 2011 was a result of bond and capital lease payments (see Note 12 for additional information) of \$3.4 million.

## Net Assets

Total net assets at June 30, 2012 were \$90.4 million, an increase of \$5.1 million from the prior fiscal year balance of \$85.3 million, a 6.0 percent increase. The \$85.3 million total for net assets at June 30, 2011 was a \$2.8 million increase from the June 30, 2010 balance of \$82.5 million, a 3.4 percent increase. Investment in capital assets at June 30, 2012 and June 30, 2011, were \$53.7 million and \$56.7 million, respectively, a \$3.0 million decrease as compared to a \$1.1 million increase from the June 30, 2010 balance of \$55.6 million. Restricted net assets increased by \$2.7 million at June 30, 2012 as a result of commitment to work with the National Guard on the Readiness Center project. Restricted net assets decreased by \$2.2 million at June 30, 2011 as a result of the construction expenditures for the IT/Logistics Building. The building cost was estimated at \$5.9 million. This increase was offset by decreases in encumbered funds for other capital projects. Unrestricted net assets as of June 30, 2012 increased \$5.4 million to \$29.9 million from the prior fiscal year balance of \$24.5 million. Planned uses for unrestricted net assets as of June 30, 2012 can be found in Note 11. The \$24.5 million total for unrestricted net assets at June 30, 2011 represents a \$3.9 million increase from the June 30, 2010 balance of \$20.6 million.

**STATEMENT OF REVENUES, EXPENSES AND CHANGES IN NET ASSETS**

The Statement of Revenues, Expenses and Changes in Net Assets presents and categorizes revenues earned and expenses incurred during the year as operating and non-operating. Generally, operating revenues and expenses are those which are received and used to carry out the mission of the college. The college depends heavily on financial support from the state and county for which services are provided. This support is reflected as non-operating revenue based on governmental accounting standards. The college will always reflect an operating deficit due to the dependence on state and local funding. Non-operating revenues and expenses offset the operating deficit and result in an overall increase in net assets for the year. State capital appropriations and capital grants and gifts are considered neither operating nor non-operating revenues and are reported after “income before other revenues, expenses, gains or losses.”

## Operating Results

The following schedules summarize the college's operating results for fiscal year ended June 30, 2012 with comparative data for fiscal years ended June 30, 2011 and June 30, 2010.

<b>Operating Results for the Years Ended June 30, 2012, 2011, and 2010 (in millions)</b>			
	<b>2012</b>	<b>2011</b>	<b>2010</b>
<b>Operating Revenues</b>			
<b>Tuition and Fees</b>	\$ 31.4	\$ 29.0	\$ 30.3
<b>Federal Grants and Contracts</b>	4.8	5.6	6.2
<b>State and Local Grants and Contracts</b>	12.0	12.3	12.5
<b>Auxiliary</b>	6.0	5.8	6.0
<b>Other</b>	1.8	1.7	1.6
<b>Total</b>	<u>56.0</u>	<u>54.4</u>	<u>56.6</u>
<b>Less Operating Expenses</b>	111.1	116.8	109.0
<b>Net Operating Loss</b>	(55.1)	(62.4)	(52.4)
<b>Non-Operating Revenues (expenses)</b>			
<b>State Appropriations</b>	15.3	15.0	17.6
<b>State and Local Grants and Contracts</b>	0.9	0.8	1.1
<b>Federal Grants and Contracts</b>	33.6	39.7	30.7
<b>County Appropriations</b>	10.5	10.5	10.0
<b>Gain/(loss) on disposal of fixed assets</b>	-	-	(0.4)
<b>Interest Expense</b>	(2.0)	(1.7)	(2.2)
<b>Interest Income</b>	0.1	0.3	0.2
<b>Total</b>	<u>58.4</u>	<u>64.6</u>	<u>57.0</u>
<b>State Capital Appropriations</b>	1.8	0.6	0.8
<b>Increase in Net Assets</b>	5.1	2.8	5.4
<b>Net Assets (beginning of year)</b>	85.3	82.5	77.1
<b>Net Assets (end of year)</b>	<u>90.4</u>	<u>85.3</u>	<u>82.5</u>
<b>Total Revenues</b>	<u>118.2</u>	<u>121.3</u>	<u>117.0</u>

**Major Revenues  
for 2012, 2011 and 2010  
(in millions)**

**Revenue**

Total revenue decreased \$3.1 million or 2.6 percent between fiscal years 2011 and 2012, from \$121.3 million to \$118.2 million respectively. Total revenue increased \$4.3 million or 3.7 percent between fiscal years 2010 and 2011, from \$117.0 million to \$121.3 million respectively.

Operating revenue increased in student tuition and fees, auxiliary revenue and other operating revenues during fiscal year 2012 while there were decreases in federal and state grants and contracts and sales and service of educational departments. Overall there was a net increase of \$1.6 million or 2.9 percent. During fiscal year 2011, operating revenue decreased consistently over all sources with the exception of other operating revenues for a total decrease of \$2.2 million or 3.9 percent. Net tuition and fees increased 2.4 percent and decreased 1.3 percent in fiscal years 2012 and 2011 respectively. Net tuition and fees is tuition and fee revenue decreased by scholarship and allowances and bad debt expense. Scholarship allowances represent the amount of students' tuition and fees that are paid by grants from federal, state, and other sources. (See Note 19 for additional information).

Decreases in federal grants and contracts are due primarily to scholarships. Federal grants and contracts under operating revenue do not include PELL awards. As a result of the General Accounting Standards Board Implementation Guide's direction that PELL grants are non-exchange, non-operating revenue transactions, PELL is now classified as a non-operating federal grant.

Net auxiliary services revenue increased 3.5 percent in 2011-12 as compared to the 3.3 percent decrease in auxiliary services for fiscal year 2010-11 while gross bookstore revenues decreased \$0.2 million, scholarship allowances for bookstore purchases decreased \$0.3 million and bad debt expense related to bookstore purchases decreased \$0.1 million. (See Note 19 for additional information).

Non-operating revenue decreased by \$6.2 million or 9.6 percent during the 2012 fiscal year, while non-operating revenue increased by \$7.6 million or 13.3 percent during the 2011 fiscal year. Federal grants and contracts decreased as a result of decreased expenditures of ARRA funds of \$4.2 million and decreases in the number of students eligible and the amount available to students for the PELL grant award. PELL grants decreased \$2.3 million in fiscal year 2012 and increased \$4.1 million in fiscal year 2011. This decrease is partially offset by increases in state appropriations and state and local grants and contracts. After three years of significant cuts in state funding, the college saw the first increase in state appropriations. Appropriations increased by \$0.3 million or 2 percent. State appropriations for operations decreased \$2.6 million or 14.6 percent in fiscal year 2011 and \$1.8 million or 9.2 percent in fiscal year 2010.

The college experienced an increase in state capital appropriations of \$1.2 million during fiscal year 2012, after experiencing decreases of 25.4 percent during fiscal year 2011, and 11.1 percent during fiscal year 2010. The increase in 2012 was for deferred maintenance projects. The remainder of the appropriation is for the debt service on the former McAlister Square Mall and operating expenses related to the University Center of Greenville. The costs (debt service and utilities) associated with these appropriations are fixed and recurring while the appropriations are dwindling. This is creating an additional financial strain on the college's funds. Local appropriations from Greenville County helped to offset some of these decreases. In fiscal year 2012, county appropriations declined slightly after several years of significant increases of \$0.5 million in fiscal year 2011, and \$0.1 million in fiscal year 2010.

## Expenses

In fiscal year 2012, operating expenses were \$111.1 million, a decrease of \$5.7 million or 4.9 percent over fiscal year 2011. Operating expenses increased \$7.8 million or 7.1 percent for fiscal year 2011 to \$116.8 million from \$109.0 million for fiscal year 2010.

Salaries and benefits increased approximately \$0.7 million or 1.2 percent during fiscal year 2012. A three percent salary increase was granted to employees effective January 1, 2012. Salaries and benefits increased by approximately \$1.3 million or 2.2 percent during fiscal year 2011. A one and one-half percent salary increase was granted to employees effective November 1, 2010. Also, increased enrollment required additional instructors which caused the increase in salaries and benefits.

Scholarships to students in fiscal year 2012 decreased by approximately \$1.3 million or 6.1 percent as compared to an increase of \$1.5 million, or 7.9 percent in fiscal year 2011. These variations were related to the changes to awards and eligibility for PELL grants.

Utilities remained relatively stable during fiscal year 2012. Utilities increased \$0.2 million or 4.1 percent during fiscal year 2011. This increase was the result of the full year impact of the addition of a welding lab on the main campus and bringing the Student Center back online after being closed for almost one year for renovations. The college is continuing to implement energy saving initiatives.

Supplies and other services decreased by \$4.2 million or 15.9 percent, while this decrease appears significant, it is returning to the expected state after the significant increase in the prior fiscal year as a result of ARRA expenditures. In fiscal year 2011, supplies and other services increased by \$3.8 million or 16.7 percent as a result of the expenditure of a significant portion of the college's ARRA funds. Many of these expenditures were related to infrastructure upgrades that are not capitalized such as roofs, improvements to HVAC systems and the implementation of a voice over internet telephone system that had many components that did not meet the capitalization threshold.

Depreciation expense decreased by approximately \$1.1 million in fiscal year 2012 this is primarily a result of significant write-offs in the prior fiscal year. Effective July 1, 2011 the college adopted a monthly depreciation convention for the straight-line method consistent with the policy of the State of South Carolina. In fiscal year 2011, depreciation expense increased by approximately \$1.0 million from the prior

year as a result of a change in the useful lives of two buildings slated for demolition and the capitalization of the Student Center.

The following charts depict operating expenses by function for fiscal year ended June 30, 2012, 2011 and 2010.

<b>Operating Expenses</b>			
<b>Fiscal Years Ended June 30, 2012, 2011, and 2010</b>			
<b>(in millions)</b>			
	<b>2012</b>	<b>2011</b>	<b>2010</b>
Operating Expenses			
Salaries	48.2	47.9	47.3
Benefits	13.1	12.6	11.9
Scholarships	19.7	20.9	19.4
Utilities	2.9	2.9	2.7
Supplies and Other Services	22.4	26.6	22.8
Depreciation	4.8	5.9	4.9
	<b>\$111.1</b>	<b>\$116.8</b>	<b>\$109.0</b>

Net investment in capital assets decreased \$3.0 million to \$53.7 million in fiscal year 2012. This was due to the net effect of the issuance of a bond for the construction of the IT /Logistics Building, the refinance of another bond issue, depreciation expense of \$4.8 million, and the payment of \$3.2 million of debt. Net investment in capital assets increased \$1.1 million to \$56.7 million in fiscal year 2011. This was due to the net effect of several construction projects, capitalized interest related to the projects, depreciation expense of \$5.9 million, and the payment of \$3.4 million of debt.

An analysis of net assets for fiscal years ended June 30, 2012, 2011, and 2010 follows:

Net Assets	<b>2012</b>	<b>2011</b>	<b>2010</b>
Net Investment in Capital Assets	53.7	56.7	55.6
Restricted	6.8	4.1	6.3
Unrestricted	29.9	24.5	20.6
<b>Total</b>	<b>\$90.4</b>	<b>\$85.3</b>	<b>\$82.5</b>

Restricted net assets increased \$2.7 million in fiscal year 2012 due to the commitment made to partner with the National Guard on a building project. In fiscal year 2011, restricted net assets decreased \$2.2 million due to progress made on the IT/Logistics Building. Unrestricted net assets increased \$5.4 million in fiscal year 2012, due to the net effect of the overall increase in net assets, the decrease in net investment in capital assets and the increase in restricted assets. Unrestricted net assets in 2011 increased \$3.9 million due to the net effect of the overall increase in net assets, the increase in net investment in capital assets and the decrease in restricted assets

## **STATEMENT OF CASH FLOWS**

The Statement of Cash Flows is the final statement to be presented. It presents detailed information about the cash activity of the college during the year and provides the reader with the sources and uses of cash by the major categories of operating, non-capital financing, capital and related financing, and investing activities. This statement will always show a net use of cash in the section "Cash Flows from Operating Activities" due to the college's dependence on state and local appropriations.

The statement is divided into five parts. The first section reflects the operating cash flows and shows the net cash used by the operating activities of the college. The second section reflects cash flows from non-operating financing activities. This section shows the cash received and spent for non-operating, non-investing, and non-capital financing activities and addresses the cash used for the acquisition and construction of capital and related items. The third section reflects cash flows from capital and related financing activities and shows the cash used for the acquisition and construction of capital and related items. The fourth section reflects the cash flows from investing activities and shows the purchases, proceeds, and interest received from investing activities. The final section reconciles the net cash used to the operating loss reflected on the Statement of Revenues, Expenses and Changes in Net Assets.

In fiscal year 2012, cash increased by approximately \$9.0 million. The net cash flows from operating activities increased by \$9.3 million resulting from decreased payments to vendors and a decrease in receivables from state and federal grantors. Cash for fiscal year 2011 decreased by approximately \$4.2 million. The net cash flows from operating activities decreased by \$10.4 million resulting from increased payments to vendors and employees and an increase in receivables from state and federal grantors.

Cash flows from non-capital financing activity in fiscal year 2012 increased by \$2.2 million as a result of increases state appropriations and the collection of non-operating grant receivables that were outstanding

at the end of the prior fiscal year. In fiscal year 2011 cash flows from non-capital financing activity increased by \$0.6 million as a result of increases in PELL awards which were offset by decreases in state appropriations.

Capital and related financing activities increased cash available for acquisition of capital assets and debt service payments. The change of \$5.9 million in fiscal year 2012 was the net result of an increase in principal payments on capital debt and a decrease in the draw on county bond funds for capital expenditures. The change of \$3.7 million in fiscal year 2011 was the net result of the issuance of a bond for the construction of the IT/Logistics Building, a decrease in principal payments on capital debt and an increase in the interest payments on capital debt.

Net cash used by investing activities during fiscal year 2012 increased as the college purchased an additional Certificate of Deposit in an attempt to increase interest income. Net cash used by investing activities during fiscal year 2011 decreased as the college held the level of investment in Certificates of Deposit steady.

<b>Summary of Cash Flows</b>			
<b>As of June 30, 2012, 2011 and 2010</b>			
<b>(in millions)</b>			
	<b>2012</b>	<b>2011</b>	<b>2010</b>
Net cash flow used by operating activities	(47.8)	(57.1)	(46.7)
Net cash flow provided by noncapital financing activities	63.1	60.9	60.3
Net cash used by capital and related financing activities	(2.3)	(8.2)	(4.5)
Net cash provided (used) by investing activities	(4.0)	0.2	(3.9)
Net increase (decrease) in cash	9.0	(4.2)	5.2
Cash - beginning of year	15.0	19.2	14.0
Cash - end of year	24.0	15.0	19.2

### **Debt Administration**

At June 30, 2011 and 2012, the college's financial statements reflect \$19.7 million and \$24.5 million respectively in (general obligation) bonds payable. These bonds are general obligation bonds of the State backed by the full faith, credit and taxing power of the County of Greenville. Greenville County gives the college capital appropriations to service the debt of the general obligation bonds.

Also outstanding at June 30, 2011 and 2012 are two capital leases payable totaling \$24.7 million and \$22.8 million respectively for the purchase of the McAlister Square Mall, the construction of the first buildings on each of the Greer and Brashier Campuses and Brashier Middle College. State appropriations were designated to cover the debt service on the McAlister Square Mall but reductions in the appropriations have resulted in a shortfall that the college is currently funding. Rental income from the Middle College covers approximately 50 percent of the payments for that lease. For additional information on debt administration, please refer to Notes 15 and 16.

### **Economic Factors**

South Carolina's Comptroller General affirmed that the State ended the fiscal year with a surplus of \$397.1 million. The General Fund growth rate for the State for FY 2011-2012 was 5.2%. While this news is encouraging, there is no expectation of significant increases in state appropriations in the near future.

In fiscal year 2011-12, appropriations from the state to the college for operations increased by 2.0 percent. State appropriations for capital expenditures were \$1.2 million or 200 percent higher than the previous year. The increase was designated to fund deferred maintenance projects. The college is anticipating an appropriation of \$0.9 million from the state to address additional deferred maintenance needs. Funds will be used for road and parking lot repairs, roof and HVAC system replacements.

State funding for college operations is expected to increase in for the 2012-13 fiscal year. The college anticipates an increase in funding of 4.0 percent or \$0.6 million for operations. While this is encouraging, the increase in state funding is not sufficient to cover the cost of the mandated 3.0% increase in state-employees salaries and the associated benefits.

While the college makes every effort to keep tuition costs to a minimum, state appropriations are significantly less than they have been in the past making the college more dependent on tuition revenues from students. As a result, federal and state financial aid programs are an increasingly important factor in the financial well-being of the college.

The college continues to operate on a fiscally sound basis and is conservative in planning and budgeting. The current financial position is stable and current appropriations and tuition revenues are adequate to fund the operations for the next year.

### **Component Unit**

It has been determined that the Greenville Tech Foundation is a component unit of Greenville Technical College. The foundation's financial statements are included in this report and supplemental information is included in Note 24. Additional information regarding the Foundation can be obtained by mailing a request to Greenville Tech Foundation, Inc. PO Box 5616, Greenville, SC 29606-5616.

Jacqueline R. DiMaggio  
Vice President for Finance

**GREENVILLE TECHNICAL COLLEGE**  
Notes to Financial Statements  
June 30, 2012 and June 30, 2011

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Nature of Operations:** Greenville Technical College (the “college”), a member institution of the South Carolina Technical College System, provides a range of educational programs to meet the needs of the adult population of Greenville County. Included in this range of programs are technical and occupational associate degree, diploma and certificate curricula that are consistent with the needs of employers in the college’s service area. As an integral part of this mission, the college provides a program of continuing education designed to satisfy the occupational demands of employers through retraining and upgrading the skills of individual employees. The college also provides a variety of developmental education programs, support services and offerings to assist students in meeting their personal and professional educational objectives.

**B. Reporting Entity:** The financial reporting entity, as defined by the Governmental Accounting Standards Board (GASB) consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the financial statements to be misleading or incomplete. Accordingly, the financial statements include the accounts of Greenville Technical College, as the primary government, and the accounts of Greenville Tech Foundation, Inc. (the “Foundation”), its component unit. The college is part of the primary government of the State of South Carolina. However, based on the nature and significance of the Foundation’s relationship with the State of South Carolina, the Foundation is not a component unit of the State of South Carolina.

The Foundation is a legally separate, tax-exempt component unit of the college. The Foundation acts primarily as a fund-raising organization to supplement the resources that are available to the college in support of its programs. The 35-member Board of the Foundation is self-perpetuating and consists of community leaders, friends of the college, and graduates. Although the college does not control the timing or amount of receipts from the Foundation, the majority of resources or income thereon, which the Foundation holds and invests are restricted to the activities of the college by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the college, the Foundation is considered a component unit of the college. The Foundation is reported in separate financial statements because of the difference in its reporting model, as further described below.

The Foundation is a private not-for-profit organization that reports its financial results under Financial Accounting Standards Board (FASB) Statements. Most significant to the Foundation’s operations and reporting model are FASB Statement No. 116, *Accounting for Contributions Received and Contributions Made*, and FASB Statement No. 117, *Financial Reporting for Not-for-Profit Organizations*. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation’s financial information in the college’s financial reporting entity for these differences. However, significant note disclosures to the Foundation’s financial statements have been incorporated into the college’s notes to the financial statements. (See Note R within this Summary of Significant Accounting Policies and Note 24.)

Financial statements for the Foundation can be obtained by mailing a request to Greenville Tech Foundation, Inc. PO Box 5616, MS 6002, Greenville, SC 29606-5616.

**C. Financial Statements:** The financial statements are presented in accordance with Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements and Management’s Discussion and Analysis for State and Local Governments*, and GASB Statement No. 35, *Basic Financial Statements and Management’s Discussion and Analysis for Public Colleges and Universities*. The financial statement presentation required by GASB Statements No. 34 and No. 35 provides a comprehensive, entity-wide perspective of the college’s assets, liabilities, net assets, revenues, expenses, changes in net assets and cash flows that replaces the fund-group perspective previously required.

**GREENVILLE TECHNICAL COLLEGE**  
Notes to Financial Statements  
June 30, 2012 and June 30, 2011

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**

**D. Basis of Accounting:** For financial reporting purposes, the college is considered a special-purpose government engaged only in business-type activities. Accordingly, the college's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. Student tuition and auxiliary enterprise fees are presented net of scholarships and fellowships applied to student accounts, while stipends and other payments made directly are presented as scholarship expenses. All significant intra-institutional transactions have been eliminated. The college has elected not to apply Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989.

**E. Cash and Cash Equivalents:** For purposes of the statement of cash flows, the college considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Funds invested through the State of South Carolina State Treasurer's Office are considered cash equivalents.

**F. Investments:** Deposits and investments for the college are governed by the South Carolina Code of Laws, Section 11-9-660 "Investment of Funds" *GASB Statement No. 40, Deposits and Investment Risk Disclosures – an amendment to GASB Statement No. 3*, requires disclosures related to deposit risks, such as custodial credit risk, and investment risks, such as credit risk (including custodial credit risk and concentrations of credit risks) and interest rate risk. The college accounts for its investments at fair value in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. Changes in unrealized gain (loss) on the fair value of investments are reported as a component of investment income in the statement of revenues, expenses and changes in net assets.

**G. Accounts Receivable:** Accounts receivable consists of tuition and fee charges to students, gift pledges and auxiliary enterprise services provided to students, faculty and staff. Accounts receivable also include amounts due from the Federal government, state and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the college's grants and contracts. Accounts receivable are recorded net of estimated uncollectible amounts.

**H. Inventories:** Inventories for internal use are valued at cost. Inventories for resale are carried at the lower of cost or market on the first-in, first-out ("FIFO") basis.

**I. Capital Assets:** Capital assets are recorded at cost at the date of acquisition or fair market value at the date of donation in the case of gifts. The college follows capitalization guidelines established by the State of South Carolina. All land is capitalized, regardless of cost. Qualifying improvements that rest in or on the land itself are recorded as depreciable land improvements. Major additions, renovations and other improvements that add to the usable space, prepare existing buildings for new uses, or extend the useful life of an existing building are capitalized. The college capitalizes movable personal property with a unit value in excess of \$5,000 and a useful life in excess of two years and depreciable land improvements, buildings and improvements, and intangible assets costing in excess of \$100,000. Routine repairs and maintenance and library materials, except individual items costing in excess of \$5,000, are charged to operating expenses in the year in which the expense was incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 15 to 50 years for buildings and improvements and land improvements and 2 to 25 years for machinery, equipment, and vehicles. Effective July 1, 2011 the college adopted a monthly depreciation convention for the straight-line method consistent with the policy of the State of South Carolina.

**J. Deferred Revenues and Deposits:** Deferred revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period. Deferred revenues also include prepaid rent for the college's broadband licenses that will be recognized over the life of the lease. Deferred revenues also include amounts received from grant and contract sponsors that have not yet been earned.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**

**J. Deferred Revenues and Deposits, continued**

Deposits represent student fee refunds and other miscellaneous deposits. Student deposits are recognized as revenue during the semester for which the fee is applicable and earned when the deposit is nonrefundable to the student under the forfeit terms of the agreement.

**K. Compensated Absences:** Employee vacation pay expense is accrued at year-end for financial statement purposes. The liability and expense incurred are recorded at year-end as a component of long-term liabilities in the statement of net assets and as a component of benefit expenses in the statement of revenues, expenses, and changes in net assets.

**L. Net Assets:** The college's net assets are classified as follows:

***Invested in capital assets, net of related debt:*** This represents the college's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of invested in capital assets, net of related debt.

***Restricted net assets - expendable:*** Restricted expendable net assets include resources in which the college is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

***Unrestricted net assets:*** Unrestricted net assets represent resources derived from student tuition and fees, appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the college, and may be used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty and staff.

The college policy for applying expenses that can use both restricted and unrestricted resources is delegated to the departmental administrative level. General practice is to first apply the expense to restricted resources and then to unrestricted resources.

**M. Income Taxes:** The college is exempt from income taxes under the Internal Revenue Code.

**N. Classification of Revenues and Expenses:** The college has classified its revenues and expenses as either operating or non-operating according to the following criteria:

***Operating revenues and expenses:*** Operating revenues generally result from exchange transactions to provide goods or services related to the college's principal ongoing operations. These revenues include (1) student tuition and fees received in exchange for providing educational services and other related services to students; (2) receipts for scholarships where the provider has identified the student recipients; (3) fees received from organizations and individuals in exchange for miscellaneous goods and services provided by the college; and (4) grants and contracts that are essentially the same as contracts for services that finance programs the college would not otherwise undertake. Operating expenses include all expense transactions, incurred other than those related to investing, non capital or non capital financing activities.

***Non-operating revenues and expenses:*** Non-operating revenues include activities that have the characteristics of non-exchange transactions. These revenues include gifts and contributions, appropriations, investment income, and any grants and contracts that are not classified as operating revenue or restricted by the grantor to be used exclusively for capital purposes. Due to the administrative involvement with Pell grant requirements and because Pell grants are non-exchange transactions, Pell grant receipts are recorded as non-operating revenues.

**O. Sales and Services of Educational and Other Activities:** Revenues from sales and services of educational and other activities generally consist of amounts received from instructional activities that

**GREENVILLE TECHNICAL COLLEGE**  
Notes to Financial Statements  
June 30, 2012 and June 30, 2011

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**

**O. Sales and Services of Educational and Other Activities, continued**

incidentally create goods and services which may be sold to students, faculty, staff, and the general public. The college receives such revenues primarily from Child Care Center operations.

**P. Auxiliary Enterprises and Internal Service Activities:** Auxiliary enterprise revenues primarily represent revenues generated by bookstore and food services. Revenues of internal service and auxiliary enterprise activities and the related expenditures of college departments have been eliminated.

**Q. Capitalized Interest:** The college capitalizes as a component of construction in progress interest cost in excess of earnings on debt associated with capital projects that will be capitalized in the applicable capital asset categories upon completion. In the fiscal year ended June 30, 2012, the college incurred \$2,012,562 of interest expense, of which \$2,008,894 was charged to expense, \$0 was capitalized, and \$3,668 was booked to reflect a decrease in bond interest payable. In the fiscal year ended June 30, 2011, the college incurred \$1,978,445 of interest expense, of which \$1,738,675 was charged to expense, \$135,342 was capitalized, and \$104,428 was booked to reflect a decrease in bond interest payable.

**R. Component Unit:** The Foundation maintains its accounts in accordance with the principles and practices of fund accounting. Fund accounting is the procedure by which resources for various purposes are classified for accounting purposes in accordance with activities or objectives specified by donors. Accordingly, net assets and changes therein are classified as follows:

***Permanently Restricted Net Assets:*** Permanently Restricted Net Assets are subject to donor-imposed stipulations that require them to be maintained permanently by the Foundation. Generally, the donors of these assets permit the Foundation to use all or part of the income earned on related investments for general or specific purposes.

***Temporarily Restricted Net Assets:*** Temporarily Restricted Net Assets are subject to donor-imposed stipulations that will be met by actions of the Foundation and/or passage of time.

***Unrestricted Undesignated Net Assets:*** Unrestricted Undesignated Net Assets are not subject to donor-imposed stipulations that will be met by actions of the Foundation and/or passage of time.

***Unrestricted Designated Net Assets:*** Unrestricted Designated Net Assets are not subject to donor-imposed restrictions but subject to Foundation Board imposed stipulations.

Revenues are reported as increases in unrestricted net assets classification unless use of the related assets is limited by donor-imposed restrictions. Contributions, including unconditional promises to give, are recognized as revenue in the period received. Conditional promises to give are not recognized as revenue until the conditions on which they depend are substantially met. Contributions for in-kind gifts from outside sources are not recorded in the Foundation's financial records, but are accounted for and acknowledged separately.

Expenses are reported as decreases in unrestricted undesignated or unrestricted designated net assets as appropriate. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted undesignated or unrestricted designated net assets unless their use is restricted by explicit donor stipulation or by law.

Investments are reported at fair value based upon quoted market prices.

**NOTE 3 – CASH, DEPOSITS AND INVESTMENTS**

**DEPOSITS:**

State Law requires that a bank or savings and loan association receiving State funds must secure the deposits by deposit insurance, surety bonds, collateral securities, or letters of credit to protect the State against any loss.

**Custodial Credit Risk**

Custodial credit risk for deposits is the risk that that a government will not be able to recover deposits if the depository financial institution fails to recover the value of collateral securities that are in the possession of an outside party if the counterparty to the deposit transaction fails.

Greenville Technical College's policy is to invest all available funds in accounts that will provide maximum return on investment with the least possible risk. Funds will only be deposited with financial institutions that are insured and guaranteed by FDIC, or other Federal or State Regulatory Agencies. There have not been any violations of these policies.

The deposits for Greenville Technical College at June 30, 2012, were \$26,358,937. Of these, \$0 was exposed to custodial credit risk as uninsured and uncollateralized. The balance of \$26,358,937 was fully collateralized with securities held by the pledging institution in the college's name. The deposits for Greenville Technical College at June 30, 2011, were \$19,050,125. Of these, \$0 was exposed to custodial credit risk as uninsured and uncollateralized. The balance of \$19,050,125 was collateralized with securities held by the pledging institution in the college's name.

Restricted cash includes \$21,065 held for debt service reserve funds at June 30, 2012 and includes \$21,049 held for debt service reserve funds at June 30, 2011.

**Foreign Currency Risk**

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. Greenville Technical College does not maintain deposits that are denominated in a currency other than the United States dollar; therefore, the college is not exposed to this risk.

**GREENVILLE TECHNICAL COLLEGE**  
Notes to Financial Statements  
June 30, 2012 and June 30, 2011

**NOTE 3 – CASH, DEPOSITS AND INVESTMENTS, continued**

**INVESTMENTS:**

The college is authorized, by the South Carolina Code of Laws, Section 11-9-660, to invest in obligations of the United States and its agencies, obligations of the State of South Carolina and its political subdivisions, collateralized or federally insured certificates of deposit, and collateralized repurchase agreements.

The college's investments at June 30, 2012 which are not with the State Treasurer's Office are presented below. All investments are certificates of deposit maturing between August 2012 and June 2013 and are backed by an irrevocable letter of credit or securities pledged in the college's name.

<b>Investment Type</b>	<b>Greenville Technical College Investments</b>				
	<b>Investment Maturities (in years)</b>				
	<b>Fair Value Amount</b>	<b>Less than 1</b>	<b>1-5</b>	<b>6-10</b>	<b>More than 10</b>
Certificates of Deposit backed by :					
Federal Home Loan Bank	\$ 9,267,117	\$ 9,267,117			
Municipal Bonds	4,407,900	4,407,900			
	<b>\$ 13,675,017</b>	<b>\$ 13,675,017</b>			

The college's investments at June 30, 2011 which are not with the State Treasurer's Office are presented below. All investments are certificates of deposit maturing between August 2011 and June 2012 and are backed by an irrevocable letter of credit or securities pledged in the college's name.

<b>Investment Type</b>	<b>Greenville Technical College Investments</b>				
	<b>Investment Maturities (in years)</b>				
	<b>Fair Value Amount</b>	<b>Less than 1</b>	<b>1-5</b>	<b>6-10</b>	<b>More than 10</b>
Certificates of Deposit backed by :					
Federal Home Loan Bank	\$ 9,599,674	\$ 9,599,674			

**Custodial Credit Risk**

Custodial credit risk for investments is the risk that, in the event of a failure of the counterparty to a transaction, the college will not be able to recover the investments value or collateral securities that are in the possession of an outside party.

The college's policy concerning custodial credit risk is to invest all available funds in accounts that will provide maximum return on investment with the least possible risk. Funds will only be deposited with financial institutions that are insured and guaranteed by FDIC, or other Federal or State Regulatory Agencies. There have not been any violations of these policies.

At June 30, 2012, the investments for Greenville Technical College were \$13,675,017. Of these, \$0 was exposed to custodial credit risk as uninsured and uncollateralized. The balance of \$13,675,017 was collateralized with securities held by the pledging institution in the college's name, or supported by an irrevocable letter of credit. At June 30, 2011, the investments for Greenville Technical College were \$9,599,674. Of these, \$0 was exposed to custodial credit risk as uninsured and uncollateralized. The balance of \$9,599,674 was collateralized with securities held by the pledging institution in the college's name. The college recognized no losses due to the default by counterparts to investment transactions.

**GREENVILLE TECHNICAL COLLEGE**  
Notes to Financial Statements  
June 30, 2012 and June 30, 2011

**NOTE 3 – CASH, DEPOSITS AND INVESTMENTS , continued**

**Credit Risk**

Credit risk is the risk that an insurer or other counterparty to an investment will not fulfill its obligations.

The college's policy concerning custodial credit risk is to invest all available funds in accounts that will provide maximum return on investment with the least possible risk. Funds will only be deposited with financial institutions that are insured and guaranteed by FDIC, or other Federal or State Regulatory Agencies. There have not been any violations of these policies.

The college's rated debt investment as of June 30, 2012 and June 30, 2011 were rated by Moody's Investors Service and are listed below using the Moody's Investors Service rating scale.

**Greenville Technical College Rated Debt Investments at June 30, 2012 and 2011**

Rated Debt Investments	Fair Value	Quality Ratings				
		<u>AAA</u>	<u>AA</u>	<u>A</u>	<u>A1</u>	<u>Unrated</u>
2012 U.S. Agencies.....	\$ 13,675,017				\$ 13,675,017	
2011 U.S. Agencies.....	\$ 9,599,674				\$ 9,599,674	

**Concentration of Credit Risk**

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The college does not have a policy on concentration of credit risk.

The college had debt securities investment at June 30, 2012 and June 30, 2011, with not more than 5 percent of the total investments in securities of any agency or entity.

**Interest Rate Risk**

Interest rate risk is the risk that changes in interest rates of debt investments will adversely affect the fair value of an investment. It occurs because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase, thereby affording potential purchasers more favorable rates on essentially equivalent securities. The college does not have a policy concerning interest rate risk.

For the years ended June 30, 2012 and June 30, 2011, the previous tables show the investments by the specific method.

**Foreign Currency Risk**

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. Greenville Technical College does not maintain investments that are denominated in a currency other than the United States dollar; therefore, the college is not exposed to this risk

The following schedule reconciles cash and investments as reported on the Statement of Net Assets to footnote disclosure provided for deposits and investments.

Accrued interest	25,811	36,717
Greenville Tech Foundation	98,223	-
Other	6,845	104
Net Accounts Receivable	<u>\$ 5,548,257</u>	<u>\$ 11,605,621</u>

Allowances for losses for student accounts receivable are established based upon actual losses experienced in prior years and evaluations of the current account portfolio. At June 30, 2012, the allowance for uncollectible student accounts is valued at \$5,824,740. At June 30, 2011, the allowance for uncollectible student accounts was valued at \$5,218,380.

**NOTE 5 – BOND PROCEEDS RECEIVABLE**

At June 30, 2012, bond proceeds receivable of \$71,358 relate to the proceeds of the 2007 Greenville County General Obligation Bonds. These bonds were issued on October 16, 2007 to finance the construction of a second welding instruction area at the college, the renovation of the Student Center Building and the

**NOTE 5 – BOND PROCEEDS RECEIVABLE, continued**

renovation of the auditorium in the University Transfer Building. The bond proceeds are on deposit with the Greenville County Treasurer's Office and are drawn down as expenditures are made on the construction projects. Interest earned on the escrow account totaled \$3,717 for the fiscal year ended June 30, 2012. During the year ended June 30, 2012, project expenditures totaling \$319,233 were drawn from the proceeds.

At June 30, 2011, bond proceeds receivable of \$316,287 relate to the proceeds of the 2007 Greenville County General Obligation Bonds. These bonds were issued on October 16, 2007 to finance the construction of a second welding instruction area at the college, the renovation of the Student Center Building and the renovation of the auditorium in the University Transfer Building. The bond proceeds are on deposit with the Greenville County Treasurer's Office and are drawn down as expenditures are made on the construction projects. Interest earned on the escrow account totaled \$30,727 for the fiscal year ended June 30, 2011. During the year ended June 30, 2011, project expenditures totaling \$312,182 were drawn from the proceeds.

For more information on the bond, refer to Note 15.

**NOTE 6 - PLEDGES RECEIVABLE**

The college has no pledges receivable during the years ended June 30, 2012 or June 30, 2011.

**NOTE 7 - LOANS RECEIVABLE**

Student loans made through the Federal Perkins Loan Program comprise all of the loans receivable as of June 30, 2012 and June 30, 2011. The Perkins Loan program provides various repayment options; students have the right to repay the loans over periods up to 10 years depending on the amount of the loan and loan cancellation privileges the student may exercise. These loans are broken down into two classifications, those payments that will be received within the following fiscal year are classified as "current portion of loans receivable". The remaining payments are classified as long-term loans receivable. As the college determines that loans are uncollectible, the loans are written off and assigned to the US Dept of Education. At June 30, 2012 and June 30, 2011, the college has made no allowance for uncollectible student loans.

**GREENVILLE TECHNICAL COLLEGE**

Loss on Disposal	(6,439)
Net Gain (Loss) on Disposals	<u>\$ 1,448</u>

**NOTE 9 - PENSION PLAN(S)**

The Retirement Division of the State Budget and Control Board maintains four independent defined benefit plans and issues its own publicly available Comprehensive Annual Financial Report (CAFR) which includes financial statements and required supplementary information. A copy of the separately issued CAFR may be obtained by writing to Financial Services, SC Retirement Services, PO Box 11960, Columbia, SC 29211. Furthermore, the Retirement System and the four pension plans are included in the CAFR of the State of South Carolina.

Article X, Section 16, of the South Carolina Constitution requires that all State-operated retirement systems be funded on a sound actuarial basis. Title 9 of the South Carolina Code of Laws of 1976, as amended, prescribes requirements relating to membership, benefits, and employee/employer contributions for each pension plan. Employee and employer contribution rates for the South Carolina Retirement System and the Police Officers Retirement System are actuarially determined. Annual benefits, payable monthly for life, are based on length of service and on average final compensation.

**GREENVILLE TECHNICAL COLLEGE**  
Notes to Financial Statements  
June 30, 2012 and June 30, 2011

**NOTE 9 - PENSION PLAN(S), continued**

*South Carolina Retirement System*

The majority of employees of Greenville Technical College are covered by a retirement plan through the South Carolina Retirement System (SCRS), a cost-sharing multiple-employer defined benefit pension plan administered by the Retirement Division, a public employee retirement system. Generally all State employees are required to participate in and contribute to the SCRS as a condition of employment unless exempted by law as provided in Section 9-1-480 of the South Carolina Code of Laws. This plan provides retirement annuity benefits as well as disability, cost of living adjustment, death, and group-life insurance benefits to eligible employees and retirees.

From July 1, 1988 to June 30, 2005, employees participating in the SCRS were required to contribute 6.0 percent of all compensation. On July 1, 2005 the required employee contribution increased to 6.25 percent. On July 1, 2007, the required employee contribution increased to 6.50 percent.

Effective July 1, 2011, the employer contribution rate became 13.685 percent which included a 4.30 percent surcharge to fund retiree health and dental insurance coverage. The college's actual contributions to the SCRS for the three most recent fiscal years ending June 30, 2012, 2011, and 2010, were \$3,011,315, \$2,908,186, and \$2,799,712, respectively, and equaled the required contributions of 9.385 percent (excluding the surcharge) for fiscal year 2012 and 9.24 percent (excluding the surcharge) for the fiscal years 2011 and 2010. Also, the college paid employer group-life insurance contributions of \$48,130, \$47,211, and \$45,450 for the three most recent fiscal years ending June 30, 2012, 2011, and 2010, respectively, at the rate of 0.15 percent of compensation.

*Police Officers Retirement System*

The South Carolina Police Officers Retirement System (PORS) is a cost-sharing multiple-employer defined benefit public employee retirement plan administered by the Retirement Division. Generally all full-time employees whose principal duties are the preservation of public order or the protection or prevention and control of property destruction by fire are required to participate in and contribute to the System as a condition of employment. This plan provides annuity benefits as well as disability and group-life insurance benefits to eligible employees and retirees. In addition, participating employers in the PORS contribute to the accidental death fund which provides annuity benefits to beneficiaries of police officers and firemen killed in the actual performance of their duties. These benefits are independent of any other retirement benefits available to the beneficiary.

Since July 1, 1988, employees participating in the PORS have been required to contribute 6.5 percent of all compensation. Effective July 1, 2011, the employer contribution rate became 15.663 percent which, as for the SCRS, included the 4.30 percent surcharge. The college's actual contributions to the PORS for the years ending June 30, 2012, 2011, and 2010, were \$27,418, \$31,266, and \$22,537, respectively, and equaled the required contributions of 11.363 percent (excluding the surcharge) for the year ending June 30, 2012 and 11.13 percent (excluding the surcharge) for the year ending June 30, 2011 and 10.65 percent (excluding the surcharge) for the year ending June 30, 2010. Also, the college paid employer group-life insurance contributions of \$483, \$562, and \$423, and accidental death insurance contributions of \$483, \$562, and \$423 for the three most recent fiscal years ending June 30, 2012, 2011, and 2010, respectively, for PORS participants. The rate for each of these insurance benefits is .20 percent of compensation.

*Optional Retirement Program*

The State Optional Retirement Program (State ORP) was first established as the Optional Retirement Program for Higher Education in 1987. In its current form, the State ORP is an alternative to the defined benefit SCRS plan offered to certain state, public school and higher education employees of the State.

**GREENVILLE TECHNICAL COLLEGE**  
Notes to Financial Statements  
June 30, 2012 and June 30, 2011

**NOTE 9 - PENSION PLAN(S), continued**

The State ORP, which is administered by the South Carolina Retirement Systems, is a defined contribution plan. State ORP participants direct the investment of their funds into a plan administered by

investment providers. The State assumes no liability for State ORP benefits. Rather, the benefits are the liability of the investment providers and are governed by the terms of the contracts issued by them.

Under State law, contributions to the ORP are required at the same rates as for the SCRS, 9.385 percent plus the retiree surcharge of 4.30 percent from the employer in fiscal year 2012 and 9.24 percent plus the retiree surcharge of 3.90 percent from the employer in fiscal year 2011.

Employees are eligible for group-life insurance benefits while participating in the State ORP. However, employees who participate in the State ORP are not eligible for postretirement group-life insurance benefits. For the fiscal year 2012, total contribution requirements to the ORP were \$779,548 (excluding the surcharge) from Greenville Technical College as employer and \$539,911 from its employees as plan members. In addition, the college paid to the SCRS employer group-life insurance contributions of \$12,459 in the current fiscal year at the rate of 0.15 percent of compensation. For the fiscal year 2011, total contribution requirements to the ORP were \$799,598 (excluding the surcharge) from Greenville Technical College as employer and \$562,488 from its employees as plan members. In addition, the college paid to the SCRS employer group-life insurance contributions of \$12,980 and \$12,555 in the two prior fiscal years at the rate of 0.15 percent of compensation.

*Deferred Compensation Plans*

Several optional deferred compensation plans are available to State employees and employers of its political subdivisions. Certain employees of the college have elected to participate. The multiple-employer plans, created under Internal Revenue Code Sections 457, 401(k), and 403(b), are administered by third parties and are not included in the Comprehensive Annual Financial Report of the State of South Carolina. Compensation deferred under the plans is placed in trust for the contributing employee. The State has no liability for losses under the plans. Employees may withdraw the current value of their contributions when they terminate State employment. Employees may also withdraw contributions prior to termination if they meet requirements specified by the applicable plan.

*Teacher and Employee Retention Incentive*

Effective January 1, 2001, Section 9-1-2210 of the South Carolina Code of Laws allows employees eligible for service retirement to participate in the Teacher and Employee Retention Incentive (TERI) Program. TERI participants may retire and begin accumulating retirement benefits on a deferred basis without terminating employment for up to five years. Upon termination of employment or at the end of the TERI period, whichever is earlier, participants will begin receiving monthly service retirement benefits which will include any cost of living adjustments granted during the TERI period. Because participants are considered retired during the TERI period, they do not earn service credit, and are ineligible to receive group life insurance benefits or disability retirement benefits. Effective July 1, 2005, employees who choose to participate in the TERI program will be required to make SCRS contributions. Due to the South Carolina Supreme Court Decision in *Layman et.al. v. South Carolina Retirement System and the State of South Carolina*, employees who chose to participate in the TERI Program prior to July 1, 2005 will not be required to make SCRS contributions.

**NOTE 10 - POSTEMPLOYMENT AND OTHER EMPLOYEE BENEFITS**

**a. Plan Description**

In accordance with the South Carolina Code of Laws and the annual Appropriations Act, the State provides post-employment health and dental and long-term disability benefits to retired State and school

**NOTE 10 - POSTEMPLOYMENT AND OTHER EMPLOYEE BENEFITS, continued**

district employees and their covered dependents. "Agency" contributes to the Retiree Medical Plan (RMP) and the Long-term Disability Plan (LTDP), cost-sharing multiple-employer defined benefit postemployment healthcare and long-term disability plans administered by the Employee Insurance Program (EIP), a part of the State Budget and Control Board (SBCB). Generally, retirees are eligible for the health and dental benefits if they have established at least ten years of retirement service credit. For new hires May 2, 2008 and after, retirees are eligible for benefits if they have established twenty-five years of service for 100% employer funding and fifteen through twenty-four years of service for 50% employer funding. Benefits become effective when the former employee retires under a State retirement system. Basic long-term disability (BLTD) benefits are provided to active state, public school district and participating local government employees approved for disability.

**b. Funding Policies**

Section 1-11-710 and 1-11-720 of the South Carolina Code of Laws of 1976, as amended, requires these postemployment healthcare and long-term disability benefits be funded through annual appropriations by the General Assembly for active employees to the EIP and participating retirees to the SBCB except the portion funded through the pension surcharge and provided from other applicable sources of the EIP for its active employees who are not funded by State General Fund appropriations. Employers participating in the RMP are mandated by State statute to contribute at a rate assessed each year by the Office of the State Budget, 4.30 percent of annual covered payroll for 2012 and 3.90 percent of annual covered payroll for 2011. The EIP sets the employer contribution rate based on a pay-as-you-go basis. "Agency" paid approximately \$1,747,266 and \$1,575,929 applicable to the surcharge included with the employer contribution for retirement benefits for the fiscal years ended June 30, 2012 and 2011, respectively. BLTD benefits are funded through a per person premium charged to State agencies, public school districts, and other participating local governments. The monthly premium per active employee paid to EIP was \$3.22 for the fiscal years ended June 30, 2012 and June 30, 2011.

Effective May 1, 2008 the State established two trust funds through Act 195 for the purpose of funding and accounting for the employer costs of retiree health and dental insurance benefits and long-term disability insurance benefits. The South Carolina Retiree Health Insurance Trust Fund is primarily funded through the payroll surcharge. Other sources of funding include additional State appropriated dollars, accumulated EIP reserves, and income generated from investments. The Long Term Disability Insurance Trust Fund is primarily funded through investment income and employer contributions.

One may obtain complete financial statements for the benefit plans and the trust funds from Employee Insurance Program, 1201 Main Street, Suite 360, Columbia, SC 29201.

**NOTE 11 - CONTINGENCIES, LITIGATION, AND PROJECT COMMITMENTS**

The college is party to various lawsuits arising out of the normal conduct of its operations. In the opinion of college management, there are no material claims or lawsuits against the college that are not covered by insurance or whose settlement would materially affect the college's financial position.

The college participates in certain Federal grant programs. These programs are subject to financial and compliance audits by the grantor or its representative. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Management believes disallowances, if any, will not be material.

Necessary funding has been allocated for the renovation of the EMT Building on the Barton campus. The Animal Science Building on the Northwest campus and the IT/Logistics Building on the Barton campus were completed in the fall of 2011 and were capitalized in the same fiscal year. At June 30, 2012 and June 30, 2011, the college had remaining commitment balances of approximately \$561,782 and \$4,063,073 respectively on original contracts of \$596,842 and \$5,923,456, respectively with engineering

**GREENVILLE TECHNICAL COLLEGE**  
Notes to Financial Statements  
June 30, 2012 and June 30, 2011

**NOTE 11 - CONTINGENCIES, LITIGATION, AND PROJECT COMMITMENTS, continued**

firms and construction contractors. Other projects, which are not to be capitalized when completed, are for replacements, repairs, and/or renovations to existing facilities. There were no remaining commitment balances with certain parties related to these projects at June 30 2012, and June 30, 2011. The college anticipates funding these projects out of current resources, current and future bond issues, federal grants, private gifts, student fees, and state capital improvement bond proceeds.

**OTHER CAPITAL PROJECTS**

Other capital projects, which are not to be capitalized when completed, are for replacements, repairs, and/or renovations to existing facilities.

**Unrestricted Net Assets**

Planned Uses of Unrestricted Net Assets are as follows:

	<u>6/30/2012</u>	<u>6/30/2011</u>

Total	<u>\$ 29,884,179</u>	<u>\$ 24,546,687</u>

**NOTE 12 - LEASE OBLIGATIONS**

**Capital Leases**

***Certificates of Participation***

On October 8, 2010 the 1995/1998 Certificate of Participation was refunded by Greenville County and replaced with the Series 2010 Refunding Certificate of Participation. This refunding reduced the yearly payments by approximately \$140,000 and resulted in a reduction of \$1.2 million in total future payments.

Lease payments made under this agreement in the year ending June 30, 2012 were \$1,048,976. Lease payments for the remainder of the lease are as follows:

In August, 1999 Greenville County entered into an obligation for the lease-purchase of a portion of a retail shopping center in Greenville and issued Certificates of Participation to cover the purchase price of Greenville Technical College's portion of the purchase. The remainder of the facility was purchased by the Greenville Tech Foundation, Inc. at fair market value. Upon completion of renovations in December, 2000, the Greenville University Center was relocated to this new facility from other premises owned by the college, and subleases the renovated space. The state appropriated funds in the capital bond bill to cover the renovation costs. The State Legislature included in the budget appropriated funds for a portion of the sublease payments for the University Center, which are, in turn, used to pay a portion of the lease payments for the Certificates of Participation and a portion of the operation and maintenance of the portion of the facility subleased by the University Center. The college accounts for this lease as a capital lease.

**GREENVILLE TECHNICAL COLLEGE**  
Notes to Financial Statements  
June 30, 2012 and June 30, 2011

**NOTE 12 - LEASE OBLIGATIONS, continued**

**Capital Leases, continued**

These Certificates of Participation were partially refunded by Greenville County on February 23, 2005, with the refunded portion of the Series 1999 being replaced by Series 2005. With this transaction, the combined outstanding principle of the lease was increased by \$720,000, and the total future payments under the lease were reduced by \$1,167,084.

Lease payments made under this agreement in the year ending June 30, 2012 amounted to \$1,345,488.

Lease payments for the remainder of the lease are as follows:

**Operating Leases**

Operating lease payments to external parties were \$259,314 and \$107,727 for fiscal years 2012 and 2011, respectively.

Greenville Technical College entered into two operating lease agreements on May 13, 2008 related to the construction of the Brashier Middle College building on the Brashier Campus. The first was a ground lease with the Brashier Charter, LLC, a wholly owned subsidiary of the Greenville Tech Foundation (LLC). The LLC leased approximately 5 acres of land on the college's Brashier Campus. The lease payment is \$1.00 per year for the 31 year term. The LLC secured an \$8.4 million Jobs-Economic Development Authority Revenue Bonds to build a building on the site. The building will be jointly used by the college and Brashier Middle College, a Charter High School that is currently located on the campus. The lease between the Brashier Middle College, LLC and the college is discussed in Capital Leases above.

The second operating lease is the corresponding sublease with the Brashier Middle College Charter High School to operate and use the facilities for approximately 35 hours per week. The lease payments by Brashier Middle College will be directly related to the debt service. The cost is currently 50 percent of the debt service. The lease payment will be renegotiated yearly based on a prorated share of the debt service based on the usage of the building.

On May 13, 2008, the college entered into a ground lease with Greenville County Recreation District for 19.49 acres at the college's Northwest campus for a term of 20 years. The County built soccer and baseball fields on the site for use by the community and the college. The annual rent for the land is \$1.00

On August 31, 2010, the college, as a licensee of Educational Broadband Service Channels, entered into a long-term lease agreement to lease the excess capacity of the G channel group to Clearwire Spectrum Holdings, III, LLC. This lease was approved by the Federal Communication Commission on September 17, 2010 and became effective October 13, 2010. The college recognized \$25,342 in revenue from this lease during the year ended June 30, 2012, as included in the other non-operating revenues in the Statement of Revenues, Expenses, and Changes in Net Assets. The college recognized \$18,171 in revenue from this lease during the year ended June 30, 2011, as included in the other non-operating revenues in the Statement of Revenues, Expenses, and Changes in Net Assets. The total anticipated revenue to the college is \$1,280,044, based on renewal options and escalation clauses over the maximum 30 year term of the lease.

**GREENVILLE TECHNICAL COLLEGE**  
Notes to Financial Statements  
June 30, 2012 and June 30, 2011

**NOTE 12 - LEASE OBLIGATIONS, continued**

**Operating Leases, continued**

On August 31, 2010, the college, as a licensee of Educational Broadband Service Channels, entered into a long-term lease agreement to lease the excess capacity of the D channel group to Independent Spectrum Greenville, LLC. This lease was approved by the Federal Communication Commission on November 10, 2010 and became effective December 29, 2010. The college recognized \$108,496 in revenue from this lease during the year ended June 30, 2012, as included in the other non-operating revenues in the Statement of Revenues, Expenses, and Changes in Net Assets. The college recognized \$54,366 in revenue from this lease during the year ended June 30, 2011, as included in the other non-operating revenues in the Statement of Revenues, Expenses, and Changes in Net Assets. The total anticipated revenue to the college is \$6,508,673, based on renewal options and escalation clauses over the maximum 30 year term of the lease.

There were no lease payments to other state agencies or blended component units.

**Operating Leases with external parties**

At June 30, 2012, liabilities for future years are as follows:

<u>Year Ended June 30</u>	<u>Operating Leases with External Parties</u>
2013	252,892
2014	238,581
2015	238,912
2016	162,521
2017	10,500
Total	<u>\$ 903,406</u>

At June 30, 2011, liabilities for future years are as follows:

<u>Year Ended June 30</u>	<u>Operating Leases with External Parties</u>
2012	245,769
2013	220,262
2014	220,581
2015	220,912
2016	144,521

Notes to Financial Statements  
June 30, 2012 and June 30, 2011

**NOTE 15 – BONDS AND NOTES PAYABLE**

**Bonds Payable**

Bonds payable consisted of the following at June 30, 2012:

	<u>Rates</u>	<u>Dates</u>	<u>Original Debt</u>	<u>Balance</u>
General Obligation Bonds				
Series 2005	3.5% to 4.4%	4/1/2015	11,565,000	1,535,000
Series 2005A	3.5% to 4.4%	4/1/2024	7,430,000	6,025,000
Series 2007	4.0% to 4.5%	4/1/2028	4,200,000	3,600,000
Series 2011A	2.5% to 4.1%	4/1/2032	5,615,000	5,615,000
Series 2012	2.0% to 3.0%	4/1/2026	7,770,000	7,770,000
Total Bonds Payable			<u>\$ 36,580,000</u>	<u>\$ 24,545,000</u>

Bonds payable consisted of the following at June 30, 2011:

	<u>Rates</u>	<u>Dates</u>	<u>Original Debt</u>	<u>Balance</u>
General Obligation Bonds				
Series 2002	3.5% to 5.0%	4/1/2012	\$ 5,875,000	\$ 245,000
Series 2005	3.5% to 4.4%	4/1/2026	11,565,000	9,335,000
Series 2005A	3.5% to 4.4%	4/1/2024	7,430,000	6,340,000
Series 2007	4.0% to 4.5%	4/1/2028	4,200,000	3,760,000
Total Bonds Payable			<u>\$ 29,070,000</u>	<u>\$ 19,680,000</u>

On March 20, 2012 Greenville County refinanced a portion of the Series 2005 General Obligation Bonds with General Obligation Refunding Bonds Series 2012 in the amount of \$7,770,000. The par value of the refunded bonds was \$7,320,000. The refunding of the bonds resulted in present value savings of \$328,384 or 4.486%.

As part of the refinancing of the Series 2005 General Obligation Bonds \$919,804, representing interest which the college was scheduled to pay on the original debt, was placed in an escrow account to pay the interest on the remaining debt from October 2012 through April 2015. Interest in the amount of \$95,441 will be earned on the escrowed securities resulting in a net effect of \$824,362 which the college recognized and will record as interest expense on the payment due dates between October 2012 and April 2015.

On July 26, 2011 Greenville County issued General Obligation Bonds Series 2011A in the amount of \$5,615,000 to provide funding for the costs of the acquisition, construction, renovation, installation, furnishing and equipping of a building to house Information Technology and Logistics Operations (IT/Logistics building) on the Barton Campus. The IT/Logistics building was completed in the fall of 2011 and capitalized in the same fiscal year.

The Series 2005 bonds were used for the construction of a building on its Northwest Campus that was partially funded by a \$2,000,000 grant from the Economic Development Administration (EDA). As a condition of the grant, the college entered into a twenty year mortgage agreement on the property with the EDA. The mortgage creates a contingent liability that would be imposed in the event that Greenville Technical College acted in a manner prohibited by the award. According to the agreement, the college may not transfer or convey, including leasing the property, without the written consent of the EDA. The college must maintain insurance coverage and must keep the property in good condition. The possibility

**GREENVILLE TECHNICAL COLLEGE**  
Notes to Financial Statements

June 30, 2012 and June 30, 2011

**NOTE 15 – BONDS AND NOTES PAYABLE, continued**

**Bonds Payable, continued**

The college recognizes a liability for prepaid interest and premiums resulting from bond issues. The revenue is recognized annually over the life of the bond.

A summary of the activity for the fiscal year ended June 30, 2012 is as follows:

<b><u>Revenue from Refinance/Bond Issuance</u></b>	<b><u>June 30, 2011</u></b>	<b><u>Additions</u></b>	<b><u>Interest</u></b>	
			<b><u>Amortized 2011</u></b>	<b><u>June 30, 2012</u></b>
Deferred Revenue Northwest	\$ 3,656	\$ -	\$ 222	\$ 3,435
2011A General Obligation Bond Premium	-	165,671	7,889	157,782
2012 General Obligation Bond Premium	-	541,444	-	541,444
	<u>\$ 3,656</u>	<u>\$ 707,115</u>	<u>\$ 8,111</u>	<u>\$ 702,661</u>

The college recognized a liability for prepaid interest related to the refinance of the 1999 Certificates of Participation. This revenue is recognized annually over the life of the refinance. In October 2010 the 1999 Certificate of Participation was refunded and therefore the remaining revenue was recognized in fiscal year 2011.

A summary of the activity for the fiscal year ended June 30, 2011 is as follows:

<b><u>Revenue from Refinance</u></b>	<b><u>Interest Income</u></b>		
	<b><u>June 30, 2010</u></b>	<b><u>Recognized 2011</u></b>	<b><u>June 30, 2011</u></b>
Deferred Revenue - 1999 Certificate of Participation	\$ 168,097	168,097	-

Greenville County bonds are general obligation bonds of the County and are backed by the full faith, credit and taxing power of the County. The County supports the operations of the college with annual appropriations sufficient to meet the annual debt service requirements of the bonds.

The scheduled maturities of the bonds payable by type at June 30, 2012 are as follows:

**GREENVILLE TECHNICAL COLLEGE**  
Notes to Financial Statements  
June 30, 2012 and June 30, 2011

**NOTE 17 - RELATED ORGANIZATIONS, RELATED PARTY TRANSACTIONS, AND TRANSACTIONS WITH DISCRETELY PRESENTED COMPONENT UNITS**

Certain separately chartered legal entities whose activities are related to those of the college exist primarily to provide financial assistance and other support to the college and its educational program. Financial statements for these entities are audited by independent auditors and retained by them. They include the Greenville Tech Foundation, Inc. The activities of these entities are not included in the college's financial statements. However, the college's statements include transactions between the college and these related parties.

Management reviewed its relationship with the Foundation under the existing guidance of GASB Statement No. 14, as amended by GASB 39. Because of the nature and the significance of its relationship with the college, the Foundation is considered a component unit of the college.

Following is a more detailed discussion of the Foundation and a summary of significant transactions between this entity and the college for the year ended June 30, 2012.

***The Greenville Tech Foundation, Inc.***

The Foundation is a separately chartered corporation organized exclusively to receive and manage private funds for the exclusive benefit and support of the college. The Foundation's activities are governed by its Board of Directors.

The college recorded non-governmental gifts receipts of \$189,759 from the Foundation in non-operating revenues for the fiscal year ending June 30, 2012 and \$124,485 for the fiscal year ended June 30, 2011.

These funds were used to support college programs such as scholarships. The Foundation reimburses the college for any purchases made by the college on behalf of the Foundation.

The Foundation's net assets as of December 31, 2011 were \$7,761,454. The Foundation's net assets as of June 30, 2011 were \$9,263,353.

Related party receivables and payables as of June 30, 2012 and June 30, 2011 are as follows:

	<u>June 30, 2012</u>	<u>June 30, 2011</u>
Due from the Foundation	\$ 98,223	\$ -
Due to the Foundation	\$ 9,809	\$ -

**NOTE 18 - RISK MANAGEMENT**

The college is exposed to various risks of loss and maintains State or commercial insurance coverage for each of those risks. Management believes such coverage is sufficient to preclude any significant uninsured losses for the covered risks. Settlement claims have not exceeded this coverage in any of the past three years.

The State of South Carolina believes it is more economical to manage certain risks internally and set aside assets for claim settlement. Several state funds accumulate assets and the State itself assumes substantially all the risk for the following claims of covered employees:

- Unemployment compensation benefits
- Worker's compensation benefits for job-related illnesses or injuries
- Health and dental insurance benefits
- Long-term disability and group-life insurance benefits

Employees elect health insurance coverage through either a health maintenance organization or through the State's self-insured plan.

**GREENVILLE TECHNICAL COLLEGE**  
Notes to Financial Statements  
June 30, 2012 and June 30, 2011

**NOTE 18 - RISK MANAGEMENT, continued**

The college and other entities pay premiums to the State's Insurance Reserve Fund (IRF), which issues policies, accumulates assets to cover the risk of loss, and pays claims incurred for covered losses relating to the following activities:

- Theft, damage to, or destruction of assets
  - Real property, its contents, and other equipment
  - Motor vehicles and watercraft
- Torts
- Natural disasters
- Medical malpractice claims against the Infirmary

The IRF is a self-insurer and purchases reinsurance to obtain certain services and to limit losses in certain areas. The IRF's rates are determined actuarially.

The college obtains coverage through a commercial insurer for employee fidelity bond insurance for all employees for losses arising from theft or misappropriation.

**NOTE 19 – REVENUES**

Revenues for tuition and fees and auxiliary enterprise services are shown in the statement of Revenues, Expenses and Changes in Net Assets, net of scholarship allowances and bad debt expense. The detail is as follows:

	<b><u>2012</u></b>	<b><u>2011</u></b>

**NOTE 22 – TRANSACTIONS WITH OTHER AGENCIES**

The college had significant transactions with the State of South Carolina and various agencies.

Services received at no cost from State agencies include maintenance of certain accounting records by the Comptroller General; check preparation, banking, bond trustee, and investment services from the State Treasurer; and legal services from the Attorney General.

Other services received at no cost from the various offices of the State Budget and Control Board include pension plan administration, insurance plans administration, grant services, personnel management, assistance in the preparation of the State Budget, review and approval of certain budget amendments, procurement services, and other centralized functions.

**NOTE 23 – NON-OPERATING STABILIZATION EXPENSES BY FUNCTION**

The college incurred expenses of \$1,594,005 during fiscal year 2012 and \$5,755,768 during fiscal year 2011 under American Recovery and Reinvestment Act (ARRA) funding. These funds were awarded to the college via pass-through funding from the U.S Department of Education (State Fiscal Stabilization Funds), U.S. Department of Labor (Workforce Investment Act), U.S. Department of Energy (State Energy Program), and U.S. Department of Social Services (Childcare Career Development). The schedules below list the individual funds and expenses by functional classification.

**NOTE 24 – COMPONENT UNIT INFORMATION – GREENVILLE TECH FOUNDATION**

The college's component unit, Greenville Tech Foundation, Inc. is a separate legal entity. The Foundation issues its own audited financial statements. The consolidated statements of financial position and statement of activities are shown on pages 22, and 23-24, respectively. Following are the footnotes associated with those statements.

**A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Nature of organization**

Greenville Tech Foundation, Inc. (the "Foundation") was founded in 1973 in Greenville, South Carolina as an eleemosynary organization. The primary objective of the Foundation is to support education at Greenville Technical College (the "College") through financial assistance to the College and its students. During December 2002, the Foundation formed a wholly owned subsidiary, GTF McAlister, LLC to manage the daily operations of the McAlister Square facility. In 2004, the Foundation formed a wholly owned subsidiary, GTF Student Housing, LLC. This subsidiary is responsible for the building and maintenance of student housing on the Greenville Technical College campus. Student housing opened during the fall semester of 2006. During 2008, the Foundation formed a wholly owned subsidiary, Brashier Charter, LLC. This subsidiary is responsible for the construction of a classroom building and gymnasium on the Brashier Campus of Greenville Technical College. Construction began on this project in the fall of 2008, and the building opened in August 2009. In April 2010, the Foundation formed a wholly owned subsidiary, New Economic Opportunity Network, LLC ("NEON"). The mission of NEON is to assist community and economic development in South Carolina using the Federal New Markets Tax Credit program. During 2011, the Foundation changed its fiscal year from June 30 to December 31. This change served to facilitate timely finalization of reporting for inclusion in Greenville Technical College's audit and to align the fiscal year with that of most corporate and individual donors. As presented in the financial statements, the six-month period ended December 31, 2011 is from July 1, 2011 to December 31, 2011 and the twelve-month period ended June 30, 2011 is from July 1, 2010 to June 30, 2011.

**NOTE 24 – COMPONENT UNIT INFORMATION, continued**

**A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**

**Basis of accounting**

The financial statements of the Foundation have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities. Revenues are recognized when earned and expenditures are recognized when incurred.

**Income taxes**

The Foundation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (“IRC”). However, any income from activities not directly related to the Foundation’s tax-exempt purpose would be subject to taxation as unrelated business income. In addition, the Foundation qualifies for the charitable contribution deduction under Section 170(b)(1)(A). The Foundation is classified by the Internal Revenue Service as a Section 509(a)(3) functionally integrated Type III supporting organization. Tax exempt status arises from the fact that the Foundation’s sole reason for existence is as a support organization for Greenville Technical College.

NEON has elected to file as a C-Corporation and is subject to income taxes. Deferred taxes are provided on a liability method whereby deferred tax assets are recognized for deductible temporary differences and operating loss and tax credit carryforwards and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment. No provision for income taxes has been recorded in the accompanying financial statements. The Financial Accounting Standards Board (“FASB”) has updated generally accepted accounting principles (GAAP) to clarify the accounting for uncertainty in income taxes recognized in a Foundation’s financial statements. GAAP now prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. Guidance was also provided on de-recognition of tax benefits, classification on the balance sheet, interest and penalties, accounting in interim periods, and disclosure.

Management has evaluated the tax positions of the Foundation and does not believe that any uncertain tax positions or unrecognized tax benefits exist for the periods ended December 31, 2011 and June 30, 2011, respectively. The Foundation’s policy is to report accrued interest related to unrecognized tax benefits, when applicable, as interest expense and to report penalties as other expense. With few exceptions, the Foundation is no longer subject to income tax examinations by the U. S. federal, state or local tax authorities for years before 2008.

**Principles of consolidation**

The consolidated financial statements include the accounts of the Foundation and its wholly owned subsidiaries, GTF McAlister, LLC; GTF Student Housing, LLC; Brashier Charter, LLC and NEON. All material intra-entity accounts and transactions have been eliminated.

**Accounting for contributions**

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

**NOTE 24 – COMPONENT UNIT INFORMATION, continued**

**A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**

- Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations.
- Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that will be met either by action of the Foundation and/or passage of time.
- Permanently restricted net assets - Net assets required by the donor to be held in perpetuity.

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law.

Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met.

Contributions of assets and equipment other than cash are recorded at their estimated fair value.

During the periods ended December 31, 2011 and June 30, 2011, the Foundation did not capitalize any donations of property and equipment received. The Foundation received noncash equipment donations of \$425,740 and \$210,537 during the periods ended December 31, 2011 and June 30, 2011, respectively. The noncash equipment contributions were in turn used by Greenville Technical College and are reported as equipment purchases/gifts-in-kind in the accompanying consolidated statements of activities.

**Cash and cash equivalents**

For purposes of the statements of cash flows, the Foundation considers cash accounts which are not subject to withdrawal restrictions or penalties, money market accounts and certificates of deposit with original maturities of 90 days or less to be cash and cash equivalents.

**Investments**

The Foundation records investments at fair value. Realized and unrealized gains and losses are reported on the consolidated statements of activities. See Note T for discussion of fair value measurements.

**Accounts receivable**

GTF McAlister, LLC's management considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts has been established. If accounts become uncollectible, they will be charged to operations when that determination is made.

GTF Student Housing, LLC leases housing units to students of Greenville Technical College. The subsidiary's accounts receivable are due from the students and are generally uncollateralized. Management closely monitors outstanding accounts receivable and establishes an allowance for doubtful accounts for any balances that are determined to be uncollectible. As of December 31,

**NOTE 24 – COMPONENT UNIT INFORMATION, continued**

**A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**

2011 and June 30, 2011, the subsidiary established an allowance for doubtful accounts in the amount of approximately \$140,000 and \$53,000, respectively.

**Student loans receivable**

Student loans receivable are unsecured short-term loans made to College students typically for periods of 2 to 6 months. These loans bear no interest if paid on a timely basis. If payments are late, the loans bear 1.5% interest monthly as well as a one-time late fee in the first late month. In management's opinion, no allowance for uncollectible student loans receivable is necessary.

**Pledges receivable**

Pledges receivable are recorded when the donor makes a promise to give. In management's opinion, no allowance for uncollectible pledges receivable is necessary.

**Charitable remainder trusts receivable**

Charitable remainder trusts represent assets that are currently held in trust for the benefit of designated income beneficiaries. Upon the death of the beneficiaries or designation by the agreement, the assets held in trust will be distributed to the Foundation based upon the provisions of the trust, principally for unrestricted use. The value of assets and liabilities of the charitable remainder trusts is estimated using a discount rate for each individual trust. Under these trusts, the Foundation is not the trustee. Therefore, a receivable is recorded based on the current fair value of the assets in the trust in the year in which the Foundation is notified of the gift's existence. The receivable is adjusted to the net present value based on expected growth, payouts and discount rate over the expected lives of the creators.

**Property and equipment**

The Foundation follows the practice of capitalizing all purchases for land, building and equipment in excess of \$1,000. The fair value of any donated land, buildings and equipment is similarly capitalized. Donations of equipment consisting of auto and aircraft parts used in the maintenance programs at the College are generally not capitalized due to the nature and use of these items. Instead, the parts are recorded as College support expense. The cost of buildings, leasehold improvements and equipment is depreciated over the estimated useful lives of the related assets. Depreciation is computed using the straight-line method as follows:

Buildings and leasehold improvements	40 years
Furniture and fixtures, equipment, automobiles and aircraft	3 -10 years

Donations of property and equipment are recorded as support at their estimated fair values on the date of donation. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions for cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Foundation reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Foundation reclassifies temporarily restricted net assets to unrestricted net assets at that time.

**Contributions**

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of the donor restrictions.

**NOTE 24 – COMPONENT UNIT INFORMATION, continued**

**A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**

Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (when the stipulated time restriction ends or the purpose of the restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statements of activities as net assets released from restrictions.

**Transfers**

Transfers primarily consist of changes received from donors as to donor-imposed stipulations and contribution reclassification for establishment of endowments when contributed amounts meet the endowment criteria for required funding levels.

**Use of estimates**

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Reclassifications**

Certain amounts from the prior period have been reclassified during the current period for ease of comparison on the financial statements. These reclassifications resulted in no change to the previously reported net assets or changes in net assets of the Foundation.

**Subsequent events**

Management has evaluated subsequent events through August 23, 2012, which is the date that these financial statements were available to be issued.

**B. RESTRICTED CASH**

In relation to the Student Housing construction project, the financial institution required the Foundation to establish a Capital Repairs, Replacement and Maintenance Fund with the financial institution. Monies are deposited into this fund on a monthly basis to fund the cost of capital expenditures associated with the operations of the project. Disbursements from this capital fund shall be approved by the financial institution prior to any disbursements to the Foundation. At December 31, 2011 and June 30, 2011, cash restricted for this purpose totaled \$339,150 and \$305,947, respectively.

Student Housing restricted cash also includes funds received as security deposits paid by tenants totaling \$68,034 and \$32,211 at December 31, 2011 and June 30, 2011, respectively.

In relation to the Brashier Charter, LLC Economic Development Revenue Bonds (Note 13), the financial institution required the Foundation to maintain a debt service account to cover the minimum debt service payments on the bonds. At December 31, 2011 and June 30, 2011, cash restricted for this purpose totaled \$84,764 and \$147,160, respectively. Additionally, the Foundation was required to establish a Capital Repairs, Replacement and Maintenance Fund with a financial institution. Monies are deposited into this fund on a monthly basis to fund the cost of capital expenditures associated with the operations of the project. At December 31, 2011 and June 30, 2011, cash restricted for this purposes totaled \$13,197 and \$10,542, respectively.

**GREENVILLE TECHNICAL COLLEGE**  
Notes to Financial Statements  
June 30, 2012 and June 30, 2011

**NOTE 24 – COMPONENT UNIT INFORMATION, continued**

**B. RESTRICTED CASH, continued**

The Foundation is holding cash balances restricted by donors in the amount of \$885,022 and \$762,510 as of December 31, 2011 and June 30, 2011, respectively. The Foundation also holds cash funds of \$508,482 and \$813,152 as of December 31, 2011 and June 30, 2011, respectively, in its investment accounts.

**C. CONCENTRATION OF CREDIT RISK**

The Foundation maintains cash balances at several financial institutions. Interest bearing accounts are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000, plus an unlimited amount on non-interest bearing accounts. The cash balances held in broker accounts are insured by the Securities Investor Protection Corporation to a maximum of \$100,000. At times the Foundation's cash balances on deposit at these financial institutions are in excess of the federally insured limits.

**D. PLEDGES RECEIVABLE**

The pledges receivable are unconditional and due over five years. Uncollectible promises are expected to be insignificant. Pledges are discounted using a net present value calculation and an effective rate of 3.25%.

Unconditional promises to give as of December 31, 2011 and June 30, 2011 are:

	<b>December 31, 2011</b>	<b>June 30, 2011</b>
Receivable in less than one year	\$ 118,659	\$ 46,650
Receivable in one to five years	92,917	39,783
	<u>211,576</u>	<u>86,433</u>
Less: discount to net present value	(11,130)	(5,388)
Pledges receivable (net)	<u>\$ 200,446</u>	<u>\$ 81,045</u>

**E. ACCOUNTS RECEIVABLE**

Accounts receivable consisted of the following as of December 31, 2011 and June 30, 2011:

	<b>December 31, 2011</b>	<b>June 30, 2011</b>
Accounts receivable, trade	\$ 33,891	\$ 45,755
Student housing other receivable	26,993	0
Student housing leases receivable	214,323	263,591
Less: allowance for loss	(139,815)	(53,022)
Accounts receivable (net)	<u>\$ 135,392</u>	<u>\$ 256,324</u>

**F. CASH SURRENDER VALUE OF LIFE INSURANCE**

The Foundation is the owner and beneficiary of several life insurance policies with aggregate cash surrender values of approximately \$33,000 at December 31, 2011 and June 30, 2011.

**GREENVILLE TECHNICAL COLLEGE**  
Notes to Financial Statements  
June 30, 2012 and June 30, 2011

**NOTE 24 – COMPONENT UNIT INFORMATION, continued**

**G. CHARITABLE REMAINDER TRUSTS RECEIVABLE**

The Foundation is the beneficiary of several charitable remainder trusts with aggregate values of \$79,627 and \$118,049 at December 31, 2011 and June 30, 2011, respectively.

**H. INVESTMENTS**

Investments of the Foundation are recorded at fair value as determined by quoted market prices.

The fair values and respective cost basis of investments at December 31, 2011 and June 30, 2011 are as follows:

	December 31, 2011			June 30, 2011		
	Fair Value	Cost	Unrealized Appreciation / (Depreciation)	Fair Value	Cost	Unrealized Appreciation / (Depreciation)
US Government securities	\$ 811,186	\$ 746,978	\$ 64,208	\$ 966,379	\$ 929,592	\$ 36,787
Mutual funds	1,670,627	1,684,786	(14,159)	691,239	638,209	53,030
Corporate bonds	578,840	550,069	28,771	785,438	737,399	48,039
Mortgage backed securities	260,212	249,219	10,993	363,343	231,192	132,151
Common stocks	2,002,773	1,813,150	189,623	2,309,725	1,931,082	378,643
	<u>\$ 5,323,638</u>	<u>\$ 5,044,202</u>	<u>\$ 279,436</u>	<u>\$ 5,116,124</u>	<u>\$ 4,467,474</u>	<u>\$ 648,650</u>

The composition of the investment return for the periods ended December 31, 2011 and June 30, 2011:

	<b>December 31, 2011</b>	<b>June 30, 2011</b>
Interest and dividends	\$ 121,330	\$ 201,314
Fees	(25,777)	(44,040)
Unrealized/realized gains (losses)	(190,842)	542,288
	<u>\$ (95,289)</u>	<u>\$ 699,562</u>

**I. ENDOWMENT**

The Foundation's endowment funds consist of 117 individual funds established for a variety of purposes.

The endowment includes both donor-restricted endowment funds and funds designated by the Board of Directors to function as endowments. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Endowment net asset composition by type of fund as of December 31, 2011:

	Unrestricted	Unrestricted Board Designated	Temporarily Restricted	Permanently Restricted – Corpus	Total
Endowment Funds	\$ -	\$ 1,488,606	\$ 245,950	\$ 3,951,342	\$ 5,685,898

**Interpretation of relevant law**

During 2008 the South Carolina Legislature enacted the South Carolina Uniform Prudent Management of Institutional Funds Act. The Board of Directors has interpreted this act as requiring the preservation of the fair value of the original gift as of the gift date of donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, Greenville Tech Foundation, Inc. classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by the South Carolina Uniform Prudent Management of Institutional Funds Act. In accordance with this act, the organization considers the following facts in making a determination to appropriate or accumulate donor-restricted endowment funds:

**NOTE 24 – COMPONENT UNIT INFORMATION, continued**

**I. ENDOWMENT, continued**

- (1) The duration and preservation of the fund
- (2) The purposes of Greenville Tech Foundation, Inc. and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the organization
- (7) The investment policies of the organization

**Return objectives and risk parameters**

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for a donor-specified period as well as board designated funds. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that achieve a target rate of return of 5% net of fees.

**Strategies employed for achieving objectives**

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that seeks to achieve its long-term return objectives within prudent risk constraints.

**Spending policy and how the investment objectives relate to spending policy**

The Foundation has a policy of appropriating for distribution each year up to 5 percent of its endowment fund's average fair value over the prior 4 quarters through the calendar year-end preceding the fiscal year in which the distribution is planned. In establishing this policy, the Foundation considered the long-term expected return on its endowment. Accordingly, over the long term, the Foundation expects the current spending policy to allow its endowment to grow at an average of 3 percent annually. This is consistent with Greenville Tech Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

**J. INTANGIBLE ASSETS**

In July of 2008, Brashier Charter, LLC was granted variable rate Economic Development Revenue bonds of \$8,410,000 by the South Carolina Jobs - Economic Development Authority to construct a classroom building and gymnasium on the Brashier Campus of Greenville Technical College. Bond issuance costs of \$189,600 were reimbursed by the bond proceeds and will be amortized over the life of the bonds.

Effective March 1, 2010, GTF Student Housing, LLC's Economic Development Revenue Bonds were converted to a note payable, and the remaining unamortized balance of the bond issuance costs of \$436,170 was written off as a cost of financing. Loan costs related to the note payable of \$107,241 were capitalized and will be amortized over the life of the note.

**GREENVILLE TECHNICAL COLLEGE**  
Notes to Financial Statements  
June 30, 2012 and June 30, 2011

**NOTE 24 – COMPONENT UNIT INFORMATION, continued**

**J. INTANGIBLE ASSETS, continued**

The Foundation's loan costs consisted of the following at December 31, 2011 and June 30, 2011:

	<b>December 31, 2011</b>	<b>June 30, 2011</b>
Loan Costs	\$ 296,841	\$ 296,841
Less: Accumulated Amortization	(29,825)	(24,565)
	<u>\$ 267,016</u>	<u>\$ 272,276</u>

Amortization expense for the periods ended December 31, 2011 and June 30, 2011, respectively, was \$5,260 and \$6,320, respectively.

Future amortization expense of these loan costs for the years ending December 31 are:

2012	\$ 10,498
2013	10,498
2014	10,498
2015	10,498
2016	10,498
Thereafter	214,526
	<u>\$ 267,016</u>

Depreciation expense for the six-month and twelve-month periods ending December 31, 2011 and June 30, 2011 was \$564,014 and \$1,067,021, respectively.

**L. NOTES PAYABLE**

	<u>December 31, 2011</u>	<u>June 30, 2011</u>
Note payable to a bank by GTF McAlister, LLC; due in monthly principal payments of \$20,834 plus interest at LIBOR plus 1.50% (approximately 1.77% and 1.69% at December 31, 2011 and June 30, 2011, respectively); matures October 1, 2013; secured by all McAlister Square property and equipment.	\$ 2,235,582	\$ 2,360,586
Note payable to a bank by GTF Student Housing, LLC; due in monthly installments of principal plus interest at 67% of 1-month LIBOR plus 3.00% (approximately 2.19% and 2.14% at December 31, 2011 and June 30, 2011, respectively); matures November 1, 2035; secured by mortgage.	13,600,000	13,800,000
	<u>\$ 15,835,582</u>	<u>\$ 16,160,586</u>

Provisions of the above bank debt agreements require the Foundation to maintain certain financial ratios such as debt service ratios, establish bank accounts for capital repairs, replacement and maintenance and debt service and certain other covenants which require or restrict other actions. The Foundation was not in compliance with certain covenants as of December 31, 2011. Subsequent to period end, the Foundation entered into a debt modification agreement, which altered these covenants and the collateralization of certain loans (see Note V).

The future maturities of debt are as follows for years ending December 31:

2012	\$ 636,008
2013	2,385,574
2014	422,000
2015	436,000
2016	458,000
Thereafter	11,498,000
	<u>\$ 15,835,582</u>

Notes to Financial Statements  
June 30, 2012 and June 30, 2011

**NOTE 24 – COMPONENT UNIT INFORMATION, continued**

**M. BONDS PAYABLE**

Economic Development Revenue Bonds of \$8,410,000 were issued to the Foundation through Brashier Charter, LLC by the South Carolina Jobs - Economic Development Authority (JEDA) to construct a classroom building and gymnasium on one of the Greenville Tech College campuses. The bonds bear interest at a variable weekly rate determined by the issuing bank's remarketing agent. The interest rate was 0.47% and 0.58% at December 31, 2011 and June 30, 2011, respectively. The agreement requires annual sinking fund payments of principal ranging from \$130,000 to \$530,000 plus interest, which began July 7, 2010, when the amount deposited into the capitalized interest account was depleted. Payments for the six-month and twelve-month periods ended December 31 and June 30, 2011 total \$288,423 and \$424,985, respectively. Sinking fund payments will continue through maturity on December 1, 2038. As disclosed in Note 14, the Foundation was required to obtain an irrevocable letter of credit in connection with the issuance of the bonds as security for payment of principal and interest on the bonds. The balance of these bonds payable totaled \$8,145,000 and \$8,280,000 as of December 31, 2011 and June 30, 2011, respectively.

Schedule of maturities for years ending December 31:

2012		\$	145,000
2013			150,000
2014			155,000
2015			165,000
2016			170,000
Thereafter			7,360,000
		\$	8,145,000

**N. LETTERS OF CREDIT**

The Foundation, through its subsidiary, Brashier Charter, LLC, has available an irrevocable letter of credit from a financial institution in the amount of \$8,145,000. This letter of credit was obtained as part of the issuance of the Economic Development Revenue Bonds discussed in Note 13. The letter of credit provides security for the payment of principal and interest on the bonds. The amount supporting principal is \$8,145,000 and the amount supporting an interest component of up to forty days is \$89,260. The letter of credit is collateralized by the building constructed by the bond proceeds. The letter expires July 10, 2013 and may be renewed or extended upon approval of request made by the financial institution.

Brashier Charter, LLC, through the letter of credit is subject to maintaining a debt service coverage ratio as determined by the issuing financial institution. The agreement also requires the Foundation to submit audited financial statements within 90 days of year end. Due to the change in the year end, the Foundation was not in compliance with this covenant for the period ending December 31, 2011 and is in the process of obtaining a formal waiver from the bank.

**O. SWAP AGREEMENTS**

The Foundation through GTF McAlister, LLC, GTF Student Housing, LLC and Brashier Charter, LLC subsidiaries used variable-rate debt to finance its mortgage on the McAlister property, the 2005 Economic Development Revenue Bonds for the construction of student housing on the Greenville Tech College campus, and to finance the 2008 Economic Development Revenue Bonds for the construction of the classroom building and gymnasium on the Greenville Tech College Brashier campus (see Notes L and M). The debt obligations expose the Foundation to variability in interest payments due to changes in interest rates. Management believes it is prudent to limit the variability of its interest payments. To meet

**NOTE 24 – COMPONENT UNIT INFORMATION, continued**

**O. SWAP AGREEMENTS, continued**

this objective, management entered into interest rate swap agreements to manage fluctuations in cash flows resulting from interest rate risk. These swaps changed the variable-rate cash flows exposure on the debt obligations to fixed-cash flows. Under the terms of the interest rate swaps, the Foundation receives variable interest rate payments and makes fixed interest rate payments, thereby creating the equivalent of fixed-rate debt.

By using a derivative financial instrument to hedge its exposure to changes in interest rates, the Foundation exposes itself to credit risk and market risk. Credit risk is the failure of the counterparty to perform under the terms of the derivative contract. When the fair value of a derivative contract is positive, the counterparty owes the Foundation, which creates credit risk for the Foundation. When the fair value of the derivative contract is negative, the Foundation owes the counterparty and, therefore, it does not possess credit risk. The Foundation minimizes the credit risk in derivative instruments by entering into transactions with high-quality counterparties.

Market risk is the adverse effect on the value of a financial instrument that results from a change in interest rates. The market risk associated with interest-rate contracts is managed by establishing the monitoring parameters that limit the types and degree of market risk that may be undertaken.

The Foundation entered into a \$1,250,000 U. S. Dollar Swap Transaction with a bank with an effective date of October 1, 2003, and a termination date of October 1, 2013. The swap was executed with the purpose of fixing the rate on the mortgage. Under the terms of the agreement, the Foundation pays a fixed rate of 5.7% to Wells Fargo Bank on a monthly basis and, in return, Wells Fargo Bank pays the Foundation a variable rate equal to LIBOR plus 1.5%. At December 31, 2011 and June 30, 2011, the swap contract had an original notional amount of \$1,250,000 and a current notional amount of \$229,134 and \$291,636, respectively. The difference between the interest earned and the interest obligation accrued is received or paid the first day of each month and is recorded as interest expense.

On November 15, 2005, the Foundation entered into an \$8,150,000 U. S. Dollar Swap Transaction with an effective date of November 2, 2006, and a termination date of December 1, 2010. This contract was amended on November 27, 2007 and has a maturity date of December 1, 2017. The swap was executed with the purpose of fixing the rate on the bonds issued by the South Carolina Jobs - Economic Development Authority (JEDA). The JEDA bonds were converted to a note payable with SunTrust effective March 1, 2010. As part of this conversion, the interest rate swap was also amended February 4, 2010, and has a maturity date of December 1, 2017. Under the terms of the agreement, the Foundation paid a fixed rate of 3.68% per annum through December 6, 2007, a fixed rate of 3.64% per annum through February 4, 2010, and thereafter a fixed rate of 3.66% per annum to SunTrust Bank on a monthly basis, and in return, SunTrust Bank pays the Foundation a variable rate equal to 67% of USD-LIBOR one London Banking Day preceding the one month rate. At December 31, 2011 and June 30, 2011, the swap contract had an original notional amount of \$11,726,250, and current notional amounts of \$11,176,912 and \$11,329,687, respectively. The difference between interest earned and the interest obligation accrued is received or paid the first day of each month and is recorded as interest expense.

On July 10, 2008, the Foundation entered into an \$8,410,000 U. S. Dollar Swap Transaction with an effective date of July 10, 2008, and a termination date of December 1, 2038. The swap was executed with the purpose of fixing the rate on the bonds issued by the South Carolina Jobs - Economic Development Authority (JEDA). Under the terms of the agreement, the Foundation pays a fixed rate of 3.89% per annum to SunTrust Bank on a monthly basis and in return, SunTrust Bank pays the Foundation a variable rate equal to the USD-SIFMA Municipal Swap Index (Formerly USD-BMA Municipal Swap Index) plus .06% per annum. At December 31, 2011 and June 30, 2011, the swap contract had an original notional amount of \$8,410,000 and current notional amounts of \$8,145,000 and \$8,280,000, respectively. The difference between interest earned and the interest obligation accrued is received or paid the first day of each month and is recorded as interest expense.

**O. SWAP AGREEMENTS, continued**

See Note T for the fair value information regarding the interest rate swaps.

**P. MCALISTER SQUARE OPERATIONS**

On August 3, 1999, the Foundation purchased the common area, inner stores and main vehicle entrance of McAlister Square Mall in Greenville, South Carolina and Greenville Technical College purchased the three large department store areas and the parking lot. The Foundation and the College renovated certain portions of the mall which house student support services, governmental offices, non-profits, and local businesses. Daily management and leasing arrangements are handled for the Foundation through its wholly owned subsidiary, GTF McAlister, LLC. This agreement is through October 14, 2032, and provides that the Foundation is paid monthly support payments. On July 31, 2004, GTF McAlister, LLC contracted with Carolina Holdings, Inc., a property management company, to perform day-to-day management functions.

GTF McAlister, LLC leases space to tenants under operating leases which generally range from one to ten years. GTF McAlister, LLC is responsible for property taxes, maintenance and repairs. Substantially all leases include a charge for common area maintenance which is used to offset repair and maintenance costs incurred in common areas.

Minimum future lease receipts under operating leases are as follows:

2012	\$ 1,034,942
2013	693,843
2014	332,010
2015	43,558
2016	12,938
	<u>\$ 2,117,291</u>

**Q. RELATED PARTY TRANSACTIONS**

The Foundation pays Greenville Technical College \$12,000 annually for equipment rental and communication services. GTF McAlister, LLC, a subsidiary of the Foundation, manages Greenville Technical College's portion of the McAlister Square Mall for a management fee of \$14,250 per month. For the periods ended December 31, 2011 and June 30, 2011, management fees paid to GTF McAlister, LLC and the Foundation by the College totaled \$85,500 and \$171,000, respectively.

The College also reimbursed GTF McAlister, LLC and the Foundation for approximately two-thirds of common area maintenance (CAM) related expenses. At December 31, 2011 and June 30, 2011, GTF McAlister, LLC had a receivable due from the College for CAM expenses of \$19,575 and \$36,116, respectively.

The College also pays approximately two-thirds of capital repairs and improvements. During the periods ended December 31, 2011 and June 30, 2011 the College paid expenses in the amount of \$19,575 and \$221,205, respectively which reduced GTF McAlister deferred income.

The Foundation, through GTF Student Housing, LLC, leases land from Greenville Technical College for \$1 annually. The initial term of this lease commenced on January 1, 2005 and extends for 30 years, ending December 31, 2034.

The Foundation, through Brashier Charter, LLC, leases land from Greenville Technical College for

**NOTE 24 – COMPONENT UNIT INFORMATION, continued**

**Q. RELATED PARTY TRANSACTIONS, continued**

\$1 annually and the College leases from the Foundation, through Brashier Charter, LLC an educational facility.

The College pays certain expenses on behalf of the Foundation and its subsidiaries. At December 31, 2011, GTF Student Housing, LLC owed approximately \$57,700 to the College for reimbursement of these expenses which is included in accounts payable on the accompanying consolidated statement of activities.

The initial term of this lease commenced May 13, 2008 and extends for 30 years, ending December 31, 2038. Base rent for this educational facility under this lease is an amount equal to the debt service payments owed by Brashier for the development/construction financing obtained by Brashier Charter, LLC plus additional amounts required by the lender under such financing, in its loan documents, to create and maintain certain reserves and a debt service coverage ratio.

**R. NET ASSETS RELEASED FROM RESTRICTIONS**

Net assets released from restrictions as of December 31, 2011 consisted of the following support transferred out of temporarily and permanently restricted funds for payment by unrestricted funds.

**GREENVILLE TECHNICAL COLLEGE**  
Notes to Financial Statements  
June 30, 2012 and June 30, 2011

**NOTE 24 – COMPONENT UNIT INFORMATION, continued**

**S. NET ASSETS**

Temporarily restricted net assets consist of the following at:

	<u>December 31, 2011</u>	<u>June 30, 2011</u>
Various College programs	\$ 1,637,523	\$ 1,699,648
Accumulated endowment fund earnings	245,950	249,011
	<u>\$ 1,883,473</u>	<u>\$ 1,948,659</u>

Permanently restricted net assets consist of the following at:

	<u>December 31, 2011</u>	<u>June 30, 2011</u>
Endowment funds - portion required to be retained permanently by explicit donor stipulation	<u>\$ 1,637,523</u>	<u>\$ 1,699,648</u>

The income from these endowment funds is expendable for scholarships and College programs.

**T. FAIR VALUE OF FINANCIAL INSTRUMENTS**

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. ASC 820 addresses acceptable valuation techniques and establishes a fair value hierarchy that distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) the reporting entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, and gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements), and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**NOTE 24 – COMPONENT UNIT INFORMATION, continued**

**T. FAIR VALUE OF FINANCIAL INSTRUMENTS, continued**

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value:

*Investments:* valued based on information provided by external investment managers or comparison to quoted market values.

*Contribution receivable from a beneficial interest in a charitable remainder trust:* valued using the income approach based on calculating the present value of the future distributions expected to be received, using published life expectancy tables and an appropriate discount rate.

*Cash value of life insurance policies:* valued at the cash surrender value of the life insurance policy, as determined by the issuer of the insurance policy, which approximates fair value.

*Pledges receivable:* valued using the estimated present value of expected cash inflows.

*Interest rate swap:* valued using observable current market information as of the reporting date and is included in long term liabilities on the accompanying statement of financial position.

**GREENVILLE TECHNICAL COLLEGE**  
Notes to Financial Statements  
June 30, 2012 and June 30, 2011

**NOTE 24 – COMPONENT UNIT INFORMATION, continued**

**T. FAIR VALUE OF FINANCIAL INSTRUMENTS, continued**

Fair values of assets and liabilities measured on a recurring basis at December 31, 2011 and June 30, 2011 were as follows:

	<b>Assets / Liabilities at Fair Value (continued)</b>			
	Total	Level 1	Level 2	Level 3

**V. - SUBSEQUENT EVENTS**

In February 2012, SunTrust notified the Foundation that additional collateral would be required on the GTF Student Housing, LLC note. The Foundation loaned GTF McAlister, LLC \$2,250,000 from its endowment to pay off its loan with WellsFargo. Subsequently, GTF McAlister, LLC's assets were pledged as collateral on the GTF Student Housing, LLC loan. The GTF McAlister, LLC's note to the Foundation is due on demand, payable in monthly installments of \$20,834 of principal plus interest, which accrues at an annual rate of 6 percent. The payoff of this loan allowed the Foundation to pledge the McAlister building as collateral on the GTF Student Housing, LLC loan, which was modified in February 2012.

During June 2012, the Foundation created a new subsidiary, GTF Pleasantburg, LLC, in order to facilitate the purchase of land and managing the property thereafter. The purchase price of the land was \$225,000 plus closing expenses of \$13,808.

Independent Auditors' Report On Compliance With Requirements  
Applicable To Each Major Program And Internal Control Over  
Compliance In Accordance With OMB Circular A-133

Greenville Technical College  
Greenville, South Carolina

Compliance

We have audited the compliance of Greenville Technical College, with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Greenville Technical College's major federal programs for the year ended June 30, 2012. Greenville Technical College's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Greenville Technical College's management. Our responsibility is to express an opinion on Greenville Technical College's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Greenville Technical College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Greenville Technical College's compliance with those requirements.

In our opinion Greenville Technical College complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2012. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items SD 12-01, SD 12-02 and MW 12-01.

Internal Control Over Compliance

The management of Greenville Technical College is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Greenville Technical College's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Greenville Technical College's internal control over compliance.

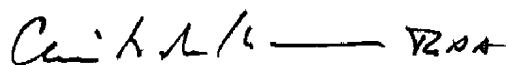

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We identified deficiencies in internal control over compliance that we consider to be both significant deficiencies and a material weakness, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the business-type activities of Greenville Technical College as of and for the years ended June 30, 2012 and June 30, 2011, and have issued our report thereon dated September 14, 2012, which contained unqualified opinions on those financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. OMB Circular A-133, Audit of States, Local Governments, and Non-Profit Organizations and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

This report is intended solely for the information and use of the audit committee, management, others within the organization and the federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than those specified parties.

September 14, 2012

---

Independent Auditors' Report On Internal Control Over  
Financial Reporting And On Compliance And Other Matters  
Based On An Audit Of Financial Statements Performed  
In Accordance With Government Auditing Standards

Greenville Technical College  
Greenville, South Carolina

We have audited the financial statements of the business-type activities of Greenville Technical College as of and for the years ended June 30, 2012 and June 30, 2011, which collectively comprised the College's basic financial statements and have issued our report thereon dated September 14, 2012. Our report includes a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Greenville Tech College Foundation, Inc. and Subsidiaries as described in our report on Greenville Technical College's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The Greenville Tech College Foundation, Inc. and Subsidiaries' financial statements were not audited in accordance with Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Greenville Technical College's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Greenville Technical College's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Greenville Technical College's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Greenville Technical College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed noncompliance that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of Greenville Technical College, in a separate letter dated September 14, 2012.

Greenville Technical College's responses to findings identified in our audit are described in the accompanying schedule of findings and question costs. We did not audit the College's response and, accordingly, we express no opinion on it.

This report is intended solely for the information of the finance committee, management, others within the entity and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**GREENVILLE TECHNICAL COLLEGE**  
Notes to Schedule of Expenditures of Federal Awards  
For the Year Ended June 30, 2012

1. GENERAL

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal awards of Greenville Technical College. The reporting entity is defined in Note 1 of the College's financial statements.

2. BASIS OF ACCOUNTING

The accompanying Schedule of Expenditures of Federal Awards is presented using the accrual basis of accounting, which is described in Note 1 of the College's financial statements.

3. FEDERAL LOAN PROGRAMS

The College has students who have approved loans which were received by those students during the current year. The College is not the lender, it only processes them for the lender the student chooses. The totals and types of loans received for the current fiscal year are:

Plus Loans		\$ 264,874
Stafford / Federal Direct Loans -	Subsidized	22,658,636
Stafford / Federal Direct Loans -	Unsubsidized	<u>31,411,511</u>
		<u>\$ 54,335,021</u>

**GREENVILLE TECHNICAL COLLEGE**  
Summary Schedule of Prior Audit Findings  
June 30, 2012

**Findings Relating to the Financial Statements:**

There were no findings relating to the financial statements.

**Findings and Questioned Costs Relating to Federal Awards:**

**Student Financial Aid Cluster**

**MW 11-01      Activities Allowed and Unallowed**

Condition:            The College began offering programs that are eligible under 34 CFR 668(c)(3) without first notifying the secretary under 34 CFR 600.10(c).

Criteria:              An eligible institution must notify the Secretary at least 90 days before the first day of class when it intends to add an educational program that prepares students for gainful employment in a recognize occupation. 34CFR 600.10(c), 600.20(c)(v), 668(c)(3).

**GREENVILLE TECHNICAL COLLEGE**  
Schedule of Findings and Questioned Costs  
June 30, 2012

**Summary of Auditors' Results:**

GAGAS

An unqualified opinion was issued on Greenville Technical College's basic financial statements dated September 14, 2012.

There were no significant deficiencies or material weaknesses. No instances of noncompliance material to the financial statement were disclosed by the audit of their financial statements.

A-133

An unqualified opinion was also issued on compliance of major programs at Greenville Technical College dated September 14, 2012. Two significant deficiencies and one material weakness in the internal control over major programs were found. Our audit disclosed these audit findings that are required to be reported under OMB Circular A-133.

The major programs at Greenville Technical College are the Student Financial Aid Cluster, TRIO Cluster, Transitions/Perkins/Career & Technology (CFDA# 84.048), and ARRA-State Fiscal Stabilization Fund Program (CFDA# 84.394) from the U.S. Department of Education, ARRA-Broad Technology Opportunities Program (CFDA# 11.557) from U.S. Department of Labor and ARRA-State Energy Program (CFDA# 81.041) from the U.S. Department of Energy. Type A programs are defined as those that expended \$300,000 or more and type B programs are those that expended less than \$300,000. Greenville Technical College's total federal awards expended for the year ended June 30, 2012 were between \$10 million and \$100 million.

Greenville Technical College is not a low-risk auditee according to the criteria in OMB Circular A-133.

**Findings Relating to the Financial Statements:**

There were no major findings relating to the financial statements.

**Findings and Questioned Costs Relating to Federal Awards:**

Student Financial Aid Cluster

**SD 12-01**

**EXIT COUNSELING**

Criteria: A school must ensure that exit counseling is conducted with each Direct Subsidized Loan or Direct Unsubsidized Loan borrower shortly before the student borrower ceases at least half-time study at the school. The school must maintain documentation substantiating the school's compliance with this section for each student borrower. *34 CFR 685.304(b)(1), 34 CFR 685.304(b)(7).*

Condition: In our sample of 40, we found two students whose exit counseling was not documented.

Cause: The College failed to document the exit counseling due to a system failure.

Effect: The exit counseling is not being properly documented in compliance with the regulations.

**GREENVILLE TECHNICAL COLLEGE**  
Schedule of Findings and Questioned Costs, Continued  
June 30, 2012

**Findings and Questioned Costs Relating to Federal Awards: Continued**

**SD 12-02            DOCUMENTING FIRST DAY OF ATTENDANCE**

- Criteria:            A student is not considered to have begun attendance if the institution is unable to document the student's attendance in any class.
- The student begins earning Title IV funds on his or her first day of attendance. Therefore, even if the student withdraws before a school census date, the school must perform a return calculation using the number of days the student attended.
- The institution must return those funds for which it is responsible to the respective title IV, HEA program as soon as possible, but no later than 30 days after the date that the institution becomes aware that the student will not or has not begun attendance. *34 CFR 668.21.*
- Condition:         The College is required to take attendance but it appears that some instructors are failing to document student's first day of attendance.
- Cause:              The College system has the capability to take attendance but it is not being consistently utilized.
- Effect:              The College is not in compliance with the regulation.

**MW 12-01            SATISFACTORY ACADEMIC PROGRESS**

- Criteria:            An institution must establish a reasonable satisfactory academic progress policy for determining whether an otherwise eligible student is making satisfactory academic progress in his or her educational program and may receive assistance under the title IV, HEA programs. The policy will describe how a student's GPA and pace of completion are affected by course incompletes, withdrawals, or repetitions, or transfers of credit from other institutions. *34 CFR 668.34(a)(6).*
- Condition:         The College's grading system has three types of administrative withdrawals (WA), "DNR" for Did Not Return, "EA" for Excessive Absences and "NIC" for Never in Class.
- The College's satisfactory academic progress (SAP) policy defines "WA", but it does not differentiate between the different types of withdrawals and whether or not they are included in the calculation of attempted hours.
- The "WA" grade in the student transcript should be included in the calculation of attempted hours if it is classified as "DNR" or "EA" but should not be included if it is "NIC".
- In our sample of ten (10) students, we found five (5) who had "WA" classified as "EA" that were not included in the calculation of students' attempted hours.
- Cause:              The College failed to differentiate administrative withdrawal grades in the College grading system.
- Effect:              Certain "WA" grades are not being properly accounted for by the system, which could alter a student's eligibility to received financial aid.

**SD 12-1 EXIT COUNSELING**

The College had processes in place to meet all Exit Counseling requirements; however, due to an error, this was not done in a timely manner. In order to be certain the processes are run in a timely manner, the Financial Aid officer designated for this job duty will observe a set schedule. The Senior Loan Officer of Financial Aid will be assigned the responsibility to monitor and ensure that all processes are run as scheduled and the Manager of Federal Student Loans of Financial Aid will serve as a back-up in the event the Financial Aid Officer is unavailable.

**SD 12-2 DOCUMENTING FIRST DAY OF ATTENDANCE**

The Registrar's Office is working with the academic deans to ensure the instructors are consistently following the policy to record attendance. Additional controls were recently implemented to ensure faculty are consistently taking attendance. E-mail reminders are sent to faculty stressing the importance of tracking students' attendance along with a timeline for running the appropriate reports. New faculty are trained on attendance tracking during the New Faculty Orientation process.

Reports will be run and monitored by the academic deans to identify any instructor that is not properly reporting attendance. If any faculty member is not regularly taking attendance, that person will receive training to ensure they understand the requirement. This is being monitored on an ongoing basis by the academic deans to ensure compliance. Any faculty member not complying with the requirement will be subject to disciplinary action.

**MW 12-1 SATISFACTORY ACADEMIC PROGRESS**

The Registrar's Office has implemented the following change to the "WA" beginning fall 2012:

- The WA will be used only for those students determined as NIC (never in class).
- Students that attend the first week of classes and do not return (DNR) will receive a grade of W and this will count in Satisfactory Academic Progress (SAP) as attempted credits.
- Students that are withdrawn due to excessive absences (EA) will receive a grade of W and this will count as attempted credits in SAP calculations.

Sincerely,

A handwritten signature in blue ink that reads "Jacqueline R. DiMaggio". The signature is written in a cursive style.

**MW 12-1 - ACTIVITIES ALLOWED AND UNALLOWED**

The college has a system in place to ensure new non-degree programs and any substantive changes to non-degree programs, are submitted to the accrediting and state agencies consistent with their standards. Additionally, the college obtains U.S. Department of Education (DOE) approvals for any new Gainful Employment (GE) programs of study before disbursing federal financial aid funds to students enrolled in them.

Sincerely,

A handwritten signature in blue ink that reads 'Jacqueline R. DiMaggio'.
