Institutional revenue in excess of expenditures and mandatory transfers at year-end may be transferred to a capital account subject to prior approval of a College's Area Commission. This transfer is permitted only after an adequate revolving fund (equivalent to a minimum of 30 days of operating expenditures) has been established to provide adequate working capital for the College.

Colleges may reserve greater than 30 days of operating expenditures as a revolving fund if their Area Commission deems it necessary to assure fiscal and operational stability of the College.
