EXECUTIVE DIRECTOR

The State Board for Technical and Comprehensive Education (the Board), through its Executive Director and his staff, provides the following services:

1. Promotion and operation of high quality technical, occupational, and college transfer programs at the colleges.
2. Establishment of statewide policies and procedures.
3. Operation of The Center for Accelerated Technology Training programs for new and expanding industries and specialized programs to support the economic development of the State.
4. Development of short- and long- range plans for the Technical Education System.
5. Coordination of appropriate activities with State, Federal, and other agencies.

The staff is organized into functional units which have varying initiating, coordinating, and auditing roles related to the overall responsibilities of the Board.
