I. PURPOSE

The following procedure establishes the manner in which employees, including probationary employees, occupying full-time equivalent (FTE) positions may voluntarily donate sick and/or annual leave into leave transfer pools. Employees in temporary grant and time-limited positions who accrue leave at the same rate as an FTE employee may donate and receive leave if all other eligibility requirements are met. The Employee Leave Transfer Program is for use by other employees who have been approved as leave recipients under personal or family medical-related emergency circumstances as defined in this procedure (see Addendum #1) and other guidelines promulgated by the Division of State Human Resources (DSHR) regulations and State Board for Technical and Comprehensive Education (SBTCE) policy and procedure. All proposed transfer requests shall be reviewed by the System Office/college Human Resources Office to ensure compliance with all applicable procedures. The State Board for
Technical and Comprehensive Education’s System President delegates the authority for approving leave transfer requests to the college presidents. The System President reserves the right to withdraw delegation authority from an individual college based upon non-compliance with State Board for Technical and Comprehensive Education policy and procedure.

II. **ADMINISTRATIVE RESPONSIBILITY AND REQUIRED RECORDS**

Entities within the agency shall establish two (2) separate leave transfer pool accounts, a sick leave transfer pool, and an annual leave transfer pool. In the event a college determines that sufficient hours of either sick or annual leave are not available in their local pool to cover an approved request, the System Office will transfer the necessary hours to the respective college. This will assure that eligible employees are not denied leave transfer due to the lack of available sick or annual leave hours in a respective college’s pool. Colleges will submit in writing to the System Office Human Resource Services a request to have the necessary hours transferred from the System Office’s sick or annual leave transfer pools/leave recipient to the respective college along with any supporting documentation. The System Office/college must maintain the following records:

A. **Donation Request Form** (see Addendum #2) – The Donation Request Form shall include: the employee’s name, the college name or System Office; the employee’s classification title; the employee’s hourly rate of pay; the number of days/hours of the leave donor’s earned sick or annual leave; the number of days/hours of sick or annual leave the employee wishes to donate to the appropriate local transfer pool/leave recipient; the date of the donation; and the leave donor’s signature.

B. **Withdrawal Request Form** (see Addendum #3) – The Withdrawal Request Form shall include: the employee’s name; the college name or System Office; the employee’s classification title; the employee’s hourly rate of pay; the type of leave requested; the number of days requested; a thorough description of the nature, severity, and anticipated duration of the medical, family, or other hardship situation affecting the employee; and any additional supporting documentation for approval of the request.

C. **Leave Restoration Form** (see Addendum #4) – The Leave Restoration Form shall include: the name of the leave recipient; the type of leave transferred (sick or annual); the amount of transferred leave used; the date the leave recipient’s personal emergency or employment terminates; and the amount of transferred leave (sick or annual) being restored to the respective local leave transfer account.
III. Leave Pool Donations

A. General Information

1. An employee donating sick and/or annual leave to the local transfer account must do so prior to the end of the calendar year.
2. In the event of a medical emergency, a state employee may make a written request to the System Office/college that a specified number of hours of his/her accrued annual and/or sick leave be transferred from his/her annual and/or sick leave account to a specific leave recipient, within the System Office/college, rather than to a leave pool account, subject to the approval of the System/College President.
3. Once leave of an employee has been donated and transferred to a local transfer account/leave recipient it cannot be returned to the leave donor.

B. Sick Leave Donation

An employee with more than fifteen (15) days of accrued leave in his/her sick leave account may voluntarily request in writing (Donation Request Form) that a specified number of hours of his leave be transferred to the local sick leave transfer account/leave recipient. An employee may donate no more than one-half of the sick leave earned in a calendar year to the respective local transfer account/leave recipient for the calendar year. An employee with less than fifteen (15) days of accrued leave in his/her leave account may not transfer any leave to the local sick leave transfer account/leave recipient.

C. Annual Leave Donation

An employee may voluntarily request in writing (Donation Request Form) that a specified number of hours of his/her accrued leave be transferred to the local annual leave transfer account/leave recipient. An employee may donate no more than one-half of the annual leave earned in a calendar year to the respective local transfer account/leave recipient for the calendar year.

IV. Leave Pool Withdrawals
A. General Information

Employees, including probationary employees, occupying FTE positions as well as employees in temporary grant and time-limited positions who accrue leave at the same rate as FTE employees are eligible to withdraw sick or annual leave from a respective pool account only if they are otherwise eligible to accrue the corresponding type of leave under sick or annual leave policies and procedures.

An applicant must be eligible to accrue sick and/or annual leave to qualify as a recipient of transferred leave. Employees who are receiving or become eligible for other paid benefits for periods of absence from work will generally be considered ineligible for transfers. Examples of other paid benefits include but are not limited to Worker’s Compensation, Long Term Disability, and disability retirement benefits.

An employee with a personal emergency may request sick or annual leave from their respective local leave transfer account by completing a Withdrawal Request Form and submitting it to the System Office/college Human Resource Office. While there is no limit to the number of separate requests that an employee may submit, each separate request shall be limited to no more than thirty (30) workdays.

B. Criteria

After exhaustion of applicable annual/sick leave the employee must have medical certification verifying that the employee will be or is anticipated to be in leave without pay for at least thirty (30) workdays.

However, an employee who is within thirty (30) calendar days of eligibility for long term disability insurance or disability retirement benefits and who has exhausted all accrued leave due to the prolonged medical emergency shall be eligible for consideration when requesting approval for less than the thirty (30) workday minimum requirement for leave transfer.

Substantial loss of income must occur due the employee’s unavailability of paid leave. To qualify as substantial income loss, the emergency must be for a prolonged period (refer to Addendum #1 definitions).

C. Verification

The approval of leave transfer requests shall be subject to verification as follows:
For personal or family medical emergencies, documentation by a certified physician is required and must include the nature of the emergency and an estimate of the inclusive dates. (See Addendum #5)

For personal hardship emergencies (as defined in Addendum #1) verifiable information is required. Hardship requests will be handled on a case by case basis.

While the documentation and the circumstances surrounding the emergency or hardship will be primarily used as the criteria for approval, the employment record, including length of service, responsible use of leave, job performance, and other job related factors, may also be used in determining approval.

D. Approval Process

Upon receiving a completed Withdrawal Request Form, the System/College President or designee, shall approve or deny the withdrawal. Committees or other approaches may be used to assist in determining whether a request should be approved. Once a decision is rendered to approve or deny a request, a copy of all documentation associated with the transfer request shall be maintained in the System Office/college Human Resource’s Office.

The evaluation of transfer requests shall be conducted in such a manner as to assure consistent treatment among similarly situated employees. Decisions shall be in keeping with State Human Resources Regulations, the criteria referenced in this procedure and other additional guidelines promulgated by the DSHR guidelines and applicable state and federal laws.

E. Use of Approved Leave

Leave taken under this section may qualify for the Family Medical Leave Act (FMLA) and, if so, will run concurrently.

1. When a Withdrawal Request Form has been approved, the System Office/college shall transfer a portion of the local respective sick or annual leave transfer account to the regular sick or annual leave balance of the recipient.
2. Upon approval of a withdrawal request, a recipient may use sick or annual leave from the respective local transfer account in the same manner and for the same purpose as if he had accrued the leave or in the manner provided by State Human Resources Regulations, State Board for Technical and Comprehensive Education policy and procedure and applicable state and federal laws.

3. Sick or annual leave transferred under this program may be substituted retroactively for periods of leave without pay or used to liquidate any indebtedness for advanced sick leave. Whether transferred leave may be applied retroactively and for what length of time will be determined on a case-by-case basis in light of the justification presented.

4. Sick or annual leave that accrues in the regular sick or annual leave balances of the recipient must be used before using any leave from the respective local leave transfer account.

F. When Personal Emergency Terminates

1. The personal emergency affecting a leave recipient terminates when the System Office/college determines that the emergency no longer exists or the recipient’s employment terminates.

2. The System Office/college shall continuously monitor the status of the recipient’s emergency to ensure that the recipient is not permitted to receive or use transferred sick or annual leave from the local transfer account after the emergency ceases to exist.¹

4. When the personal emergency affecting a leave recipient terminates or when employment terminates, any transferred sick or annual leave remaining must be restored to the appropriate pool account by completing a Leave Restoration Form.

V. ANNUAL REPORTS

¹ The Human Resource Office must ensure medical documentation is received for the full length of time the employee is out. (see Section V. C.).
Colleges shall report preceding calendar year activities (donations and/or approved requests for sick or annual leave transfer) to the System Office Human Resource Services. Sick and annual leave transfer information will be reported by March 1st to the Division of State Human Resources. This information shall include but, is not limited to the following:

A. Sick Leave – Total hours and cost of
   (1) Sick leave donated;
   (2) Sick leave used by recipient(s);
   (3) Sick leave restored, if any.

B. Annual Leave – Total hours and cost of
   (1) Annual leave donated;
   (2) Annual leave used by recipient(s);
   (3) Annual leave restored, if any.

C. Any additional information requested by the Division of State Human Resources needed to evaluate the desirability, feasibility, and cost of the Leave Transfer Program.

D. All records and documentation are subject to audit by the System Office Human Resource Services and/or the Division of State Human Resources.
ADDENDUM #1

DEFINITIONS

**Leave Donor** - An employee with an approved voluntary written request for transfer of sick or annual leave to a local transfer account.

**Leave Recipient** - An employee who is approved to receive sick or annual leave from a local transfer account.

**Local Leave Transfer Accounts** - The local leave transfer accounts will generally be established and maintained at each college and at the System Office. The local leave transfer accounts will consist of separate sick and annual leave transfer pools.

**Personal Emergency** - A medical or family emergency or other hardship situation that is likely to require an employee’s absence from duty for a prolonged period of time and to result in a substantial loss of income to the employee because of the unavailability of paid leave.

A medical or family emergency is limited to catastrophic and debilitating medical situations, severely complicated disabilities and severe accident cases that are likely to require an employee’s absence from duty for a prolonged period of time and result in a substantial loss of income to the employee because of the unavailability of paid leave. Routine disabilities (e.g., pregnancy and hysterectomy) or disabilities resulting from elective surgery do not qualify for leave transfers.

Other personal hardship situations are limited to emergencies (e.g., a personal circumstance beyond the employee’s control) that are likely to require an employee’s absence from duty for a prolonged period of time and result in a substantial loss of income to the employee because of the unavailability of paid leave.

**Prolonged Period** – A prolonged period is a minimum of thirty (30) working days.

* Note: Employees may donate no more than ½ of the sick or annual leave earned within a calendar year to the appropriate leave pool account for that year. Employees’ annual leave accrual rates will vary because of bonus leave earnings, therefore the maximum donation amounts will be different. However, sick leave donations remain set at a maximum of 56.25 hours (7.5 days). Employees with more than 15 days (112.50 hours) in their sick leave account may donate leave to the leave pool; however, the employee must retain 15 days (112.50 hours) in their own sick leave account.
